Foreword

This year's *Forum* staff gives special thanks to the administration, to the faculty, and to the staff for the fine cooperation we received during the past school year from the first draft to the final printing of the book. We would like to acknowledge the extreme and unselfish dedication of our advisers, Miss Sara M. Cannon and Mr. C. A. Cassell, photographers James Deaver, Don Garverick and Guy Lipps, the staff photographers, and the *Mount Vernon News*; their aid was indispensible. With many thanks to these people, we present to you, the reader, the 1963 *Forum*.

Mount Vernon High School

Mount Vernon, Ohio

The librarian's life is a busy one and includes many facets of school life.

Mrs. Wareham and her friend, Mrs. Barbara Baughman share a box of cookies at a school bake sale.

Helping students select books for book reports occupies many hours of the librarian's time.

DEDICATION

MRS. REBECCA WAREHAM

Mrs. Rebecca Wareham, high school librarian, has held her position in Mount Vernon High School for nine years. During this time she has willingly lent her assistance to many students and has given of her own time at noons and after school so that the library might be open. Those who know and have worked with her are keenly aware of her gentle wit and true interest in people.

In appreciation of her tireless efforts in the education of the students of Mount Vernon High School, the Forum Staff takes pride in dedicating the 1963 Forum to Rebecca Wareham.

Dave Nicholson's auto magazines mean so much to him that he will stop at nothing to preserve them. Don't let Dave fool you; he enjoys other types of literature, too.

Students Choose

Most students enjoy quiet work in the library, but John Fair, Rodger Sillars, and Wayne O'Brien don't seem to be too happy about their research work.

Many interesting events occur in the library: here students are involved in a discussion of recent dates.

This is a typical example of the bedlam experienced by Mount Vernon High School students at 3:30.

Different Types of Reading Matter

There are many uses for books, one of which Lisa Kreps demonstrates as Roger Hicks pleads for mercy.

Everyone looks forward to having his picture taken for the FORUM, but rainy weather can dampen the spirits of the most seasoned trooper.

Ellen Knox, our smiling head monitor, is always on the lookout for excitement. However, she may have gone too far this time.

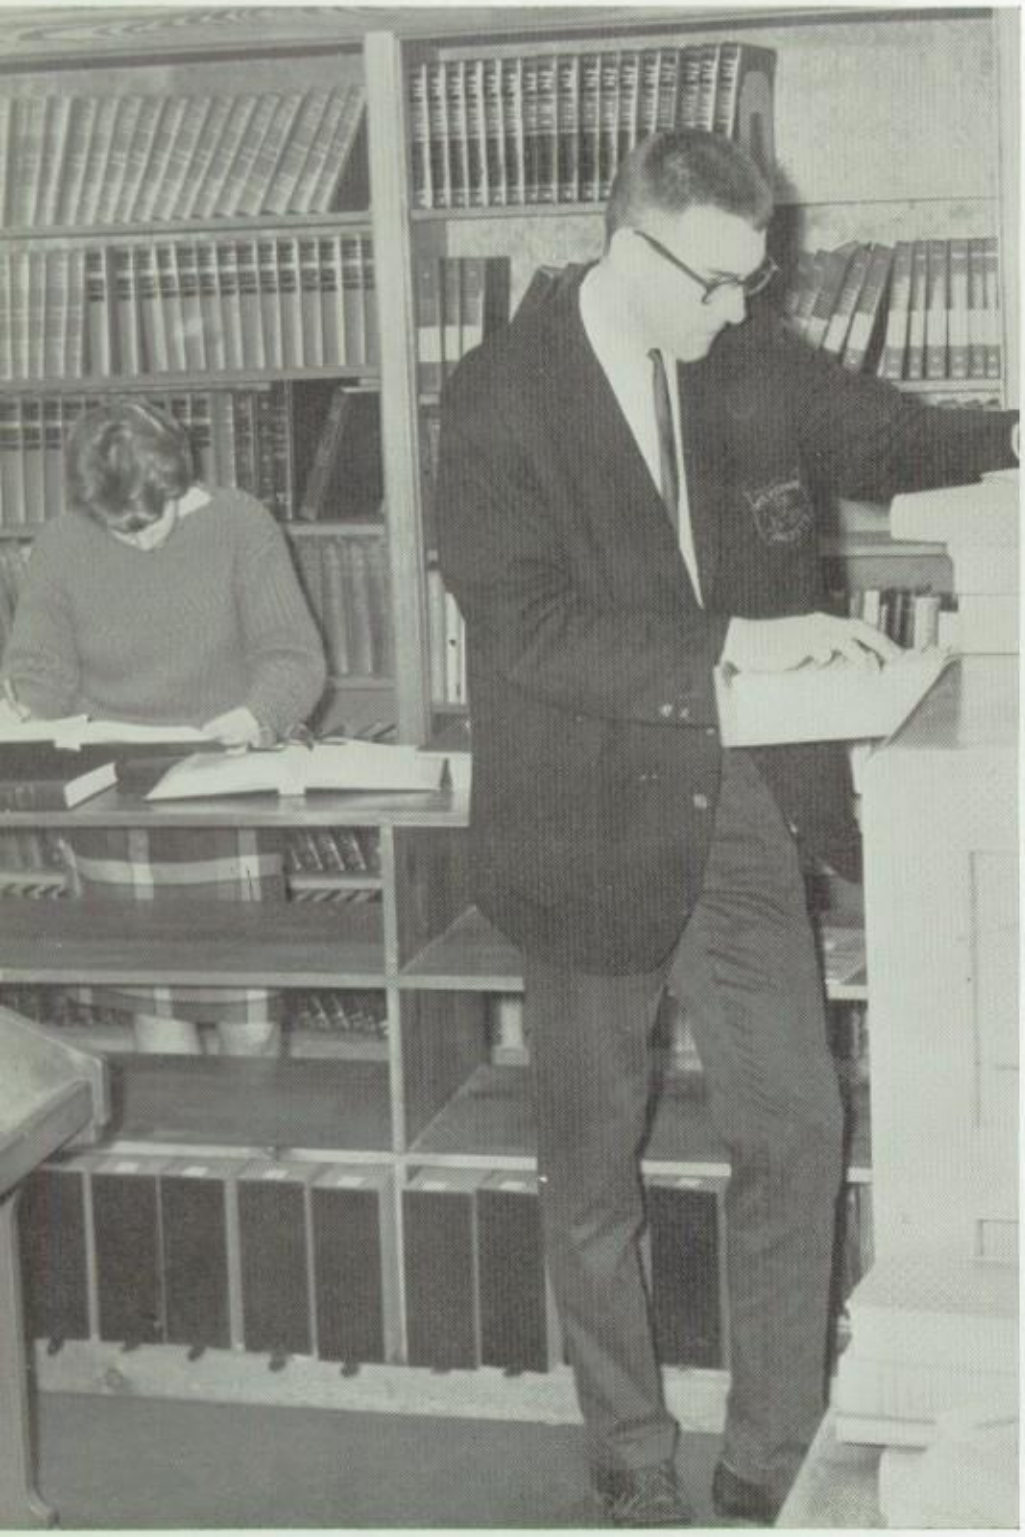
A class of freshmen listen attentively to Mrs. Huggins' lecture on the efficient use of the school library.

Between morning and afternoon classes, students congregate in the library to catch up on previously forgotten assignments.

Student Life Has Varying Facets

On orientation day, the incoming class of freshmen struggles to find its way around the maze-like building. Although they were completely lost at the time the picture was taken, within one week the class of 1966 was getting along admirably.

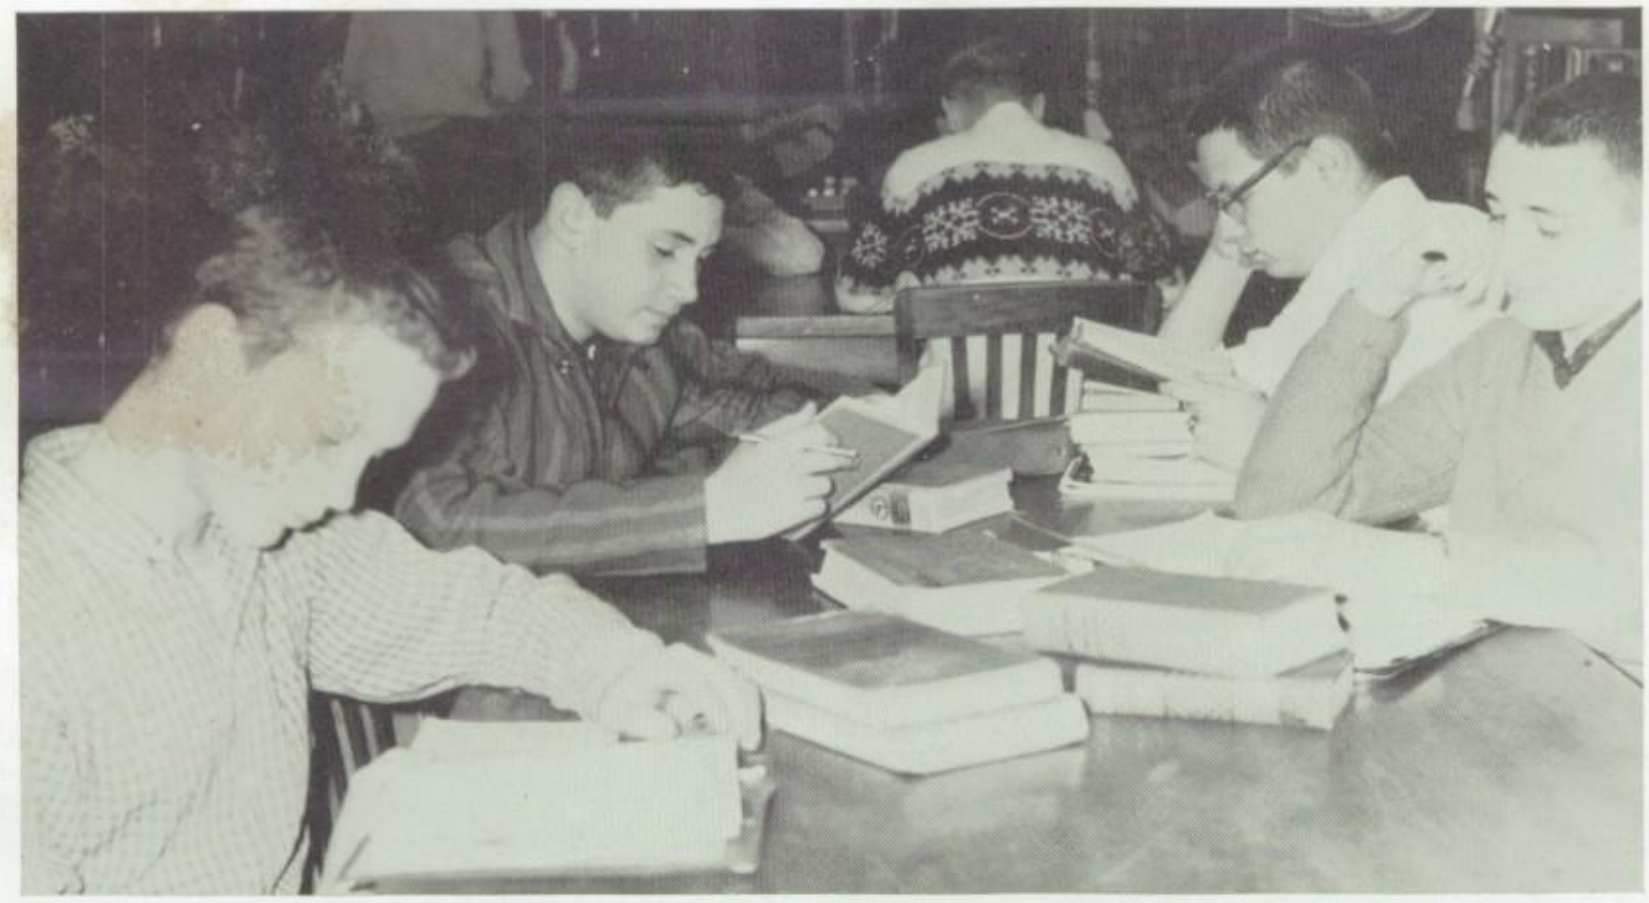
Lisa Kreps, one of our diligent monitors, takes time off her studying to pose for a picture.



Find what you're looking for, Tom? If not, we're sure Mrs. Wareham will gladly help.

Students Take

Our *own* senior boys are having one final fling at good old Mount Vernon. Aren't they lovely?



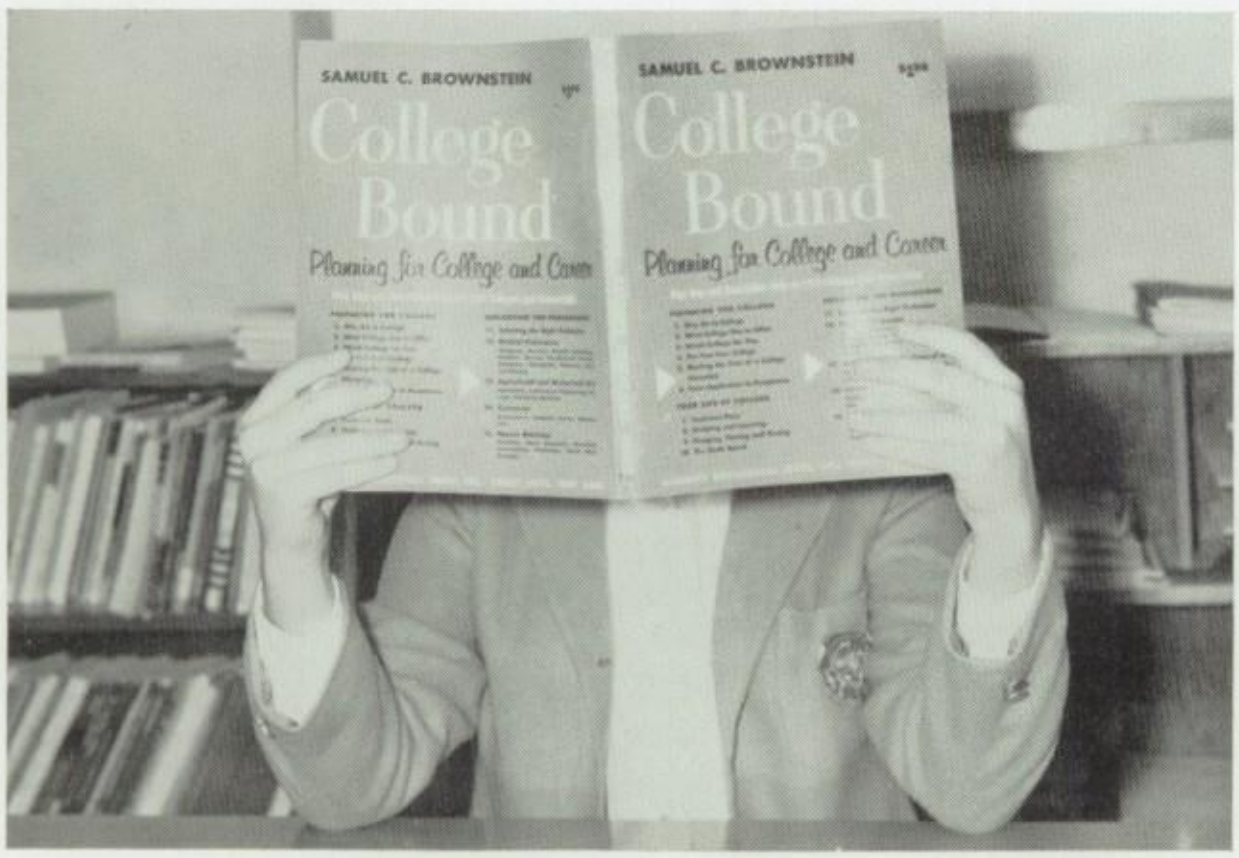
Shh!!! We mustn't disturb these boys at their work. Their assignment requires an enormous amount of concentration.

Advantage of the Library

Two of Mount Vernon's more industrious students, Lee Ulrey and Bill Brenneman, impatiently await the beginning of their classes.

The weekend has finally arrived, and Mount Vernon students discover relaxation and enjoyment at one of the school dances. When the new week begins, the students return from their carefree, pleasure-filled weekend, brimming with energy, and eager to begin.

Weekend Activities



Peek-a-boo! If this ambitious person would ever come out from behind her book, we might find out who she is, and where she is going.

Commentators on WMVO's "High School News and Views" are, left to right, Suzanne Lester, Jacquie Ormandy, Leslie Holmes, Steve Walker, Dave Nicholson, and Doug Williams. Each of these people is on the *Jacket Journal* Staff.

Mr. Wiggins is a man of many talents. Here we view our principal busy at one of his favorite pastimes: scrubbing the school steps. Mr. Wiggins always has the interest of the school at heart!

Variety is the spice of life

Who is teaching whom? The game of chess is one of John Bollinger's favorite pastimes. Patti Wynn seems to be taking it all in.

Mr. Smith, Mount Vernon's art teacher, is doing a little sculpture on the side. It looks very promising.

Students and Teachers Enjoy

This year Mount Vernon had exceptional turnouts at almost all sports activities, including away games.

After Class Time

Studious Bonnie Blue is having some difficulty in selecting the right book. From the looks of her garb, she should be looking for a chemistry book. It's the third from the top, Bonnie.

One of Mount Vernon's visiting student teachers doesn't seem to be very concerned about the welfare of his finger. He has infinite faith in Jacquie Ormandy's aim. Poor Boy!

The news is out! Joyful attendants and court crowd to congratulate newly announced Forum Queen, Beth Imhoff.

Noon Hour Provides Time for

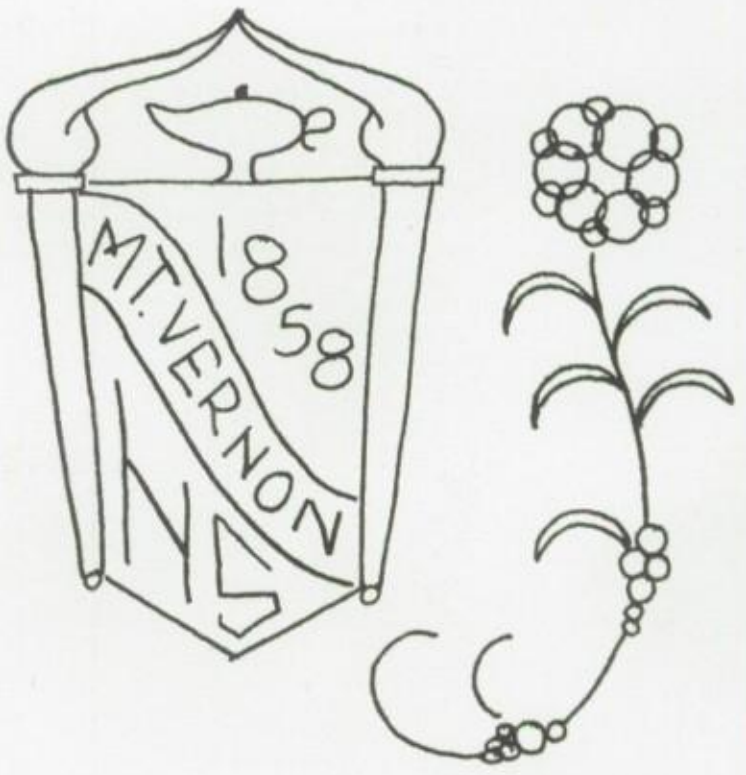
Some short seniors have problems with tall lockers, but books have solved the problem for Margie Scholp.

Various Diversions

Books have numerous uses — prospective debutantes (?) Pat Mackin, Lizbeth Fullemann, and Kathi Taylor think that dictionaries are a great boon to the posture.

Seniors Dave Daily, Tom Jamboski, and Steve Walker make use of the monitors' chairs to play chess during the noon hour.

Assemblies are an important aspect of the educational program at Mount Vernon High School. At the close of the year, upperclassmen take their seats during the traditional Senior Day assembly.



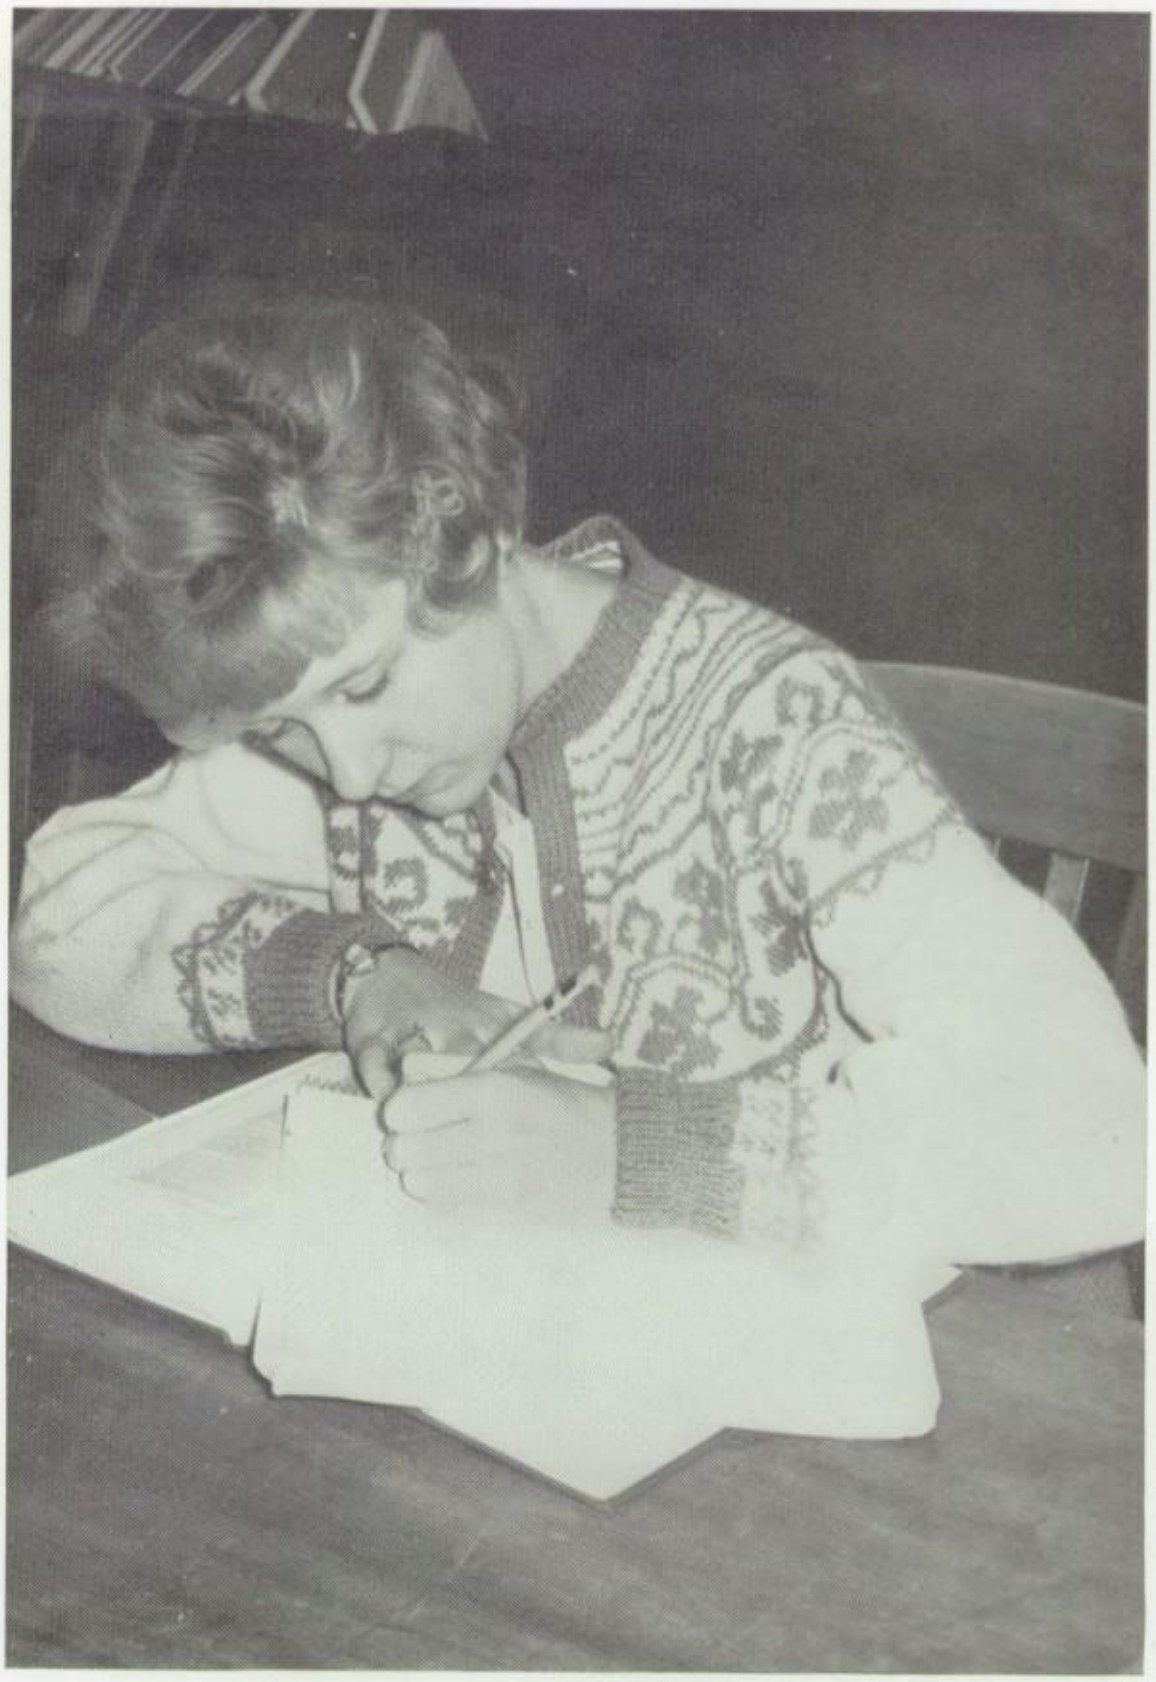
Curricula

In Mrs. Imogene Montgomery's French II classes, classroom teaching is supplemented by the use of earphones and a tape recorder.

Students Learn In

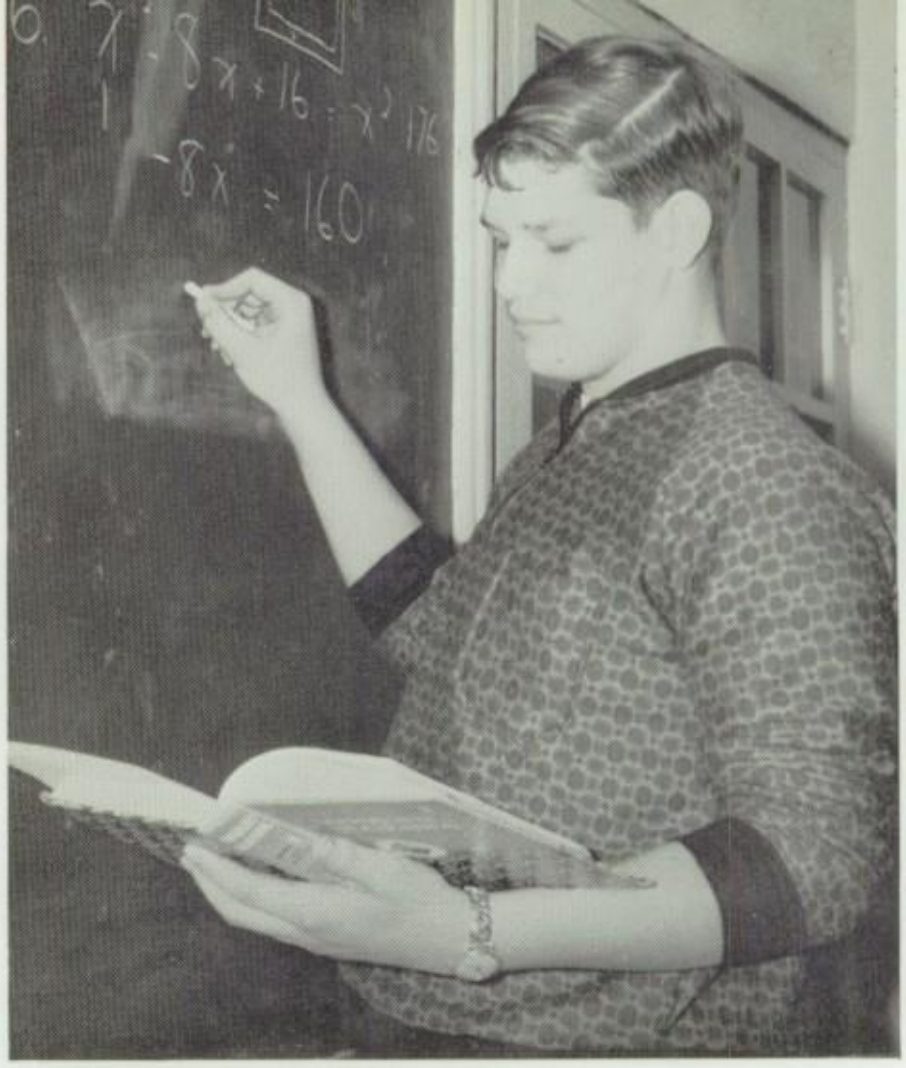
Students can most often be found in the classrooms. In the upper picture, students take notes on the daily lecture, while students in the lower picture make use of the supervised study time at the end of the period.

Various Ways



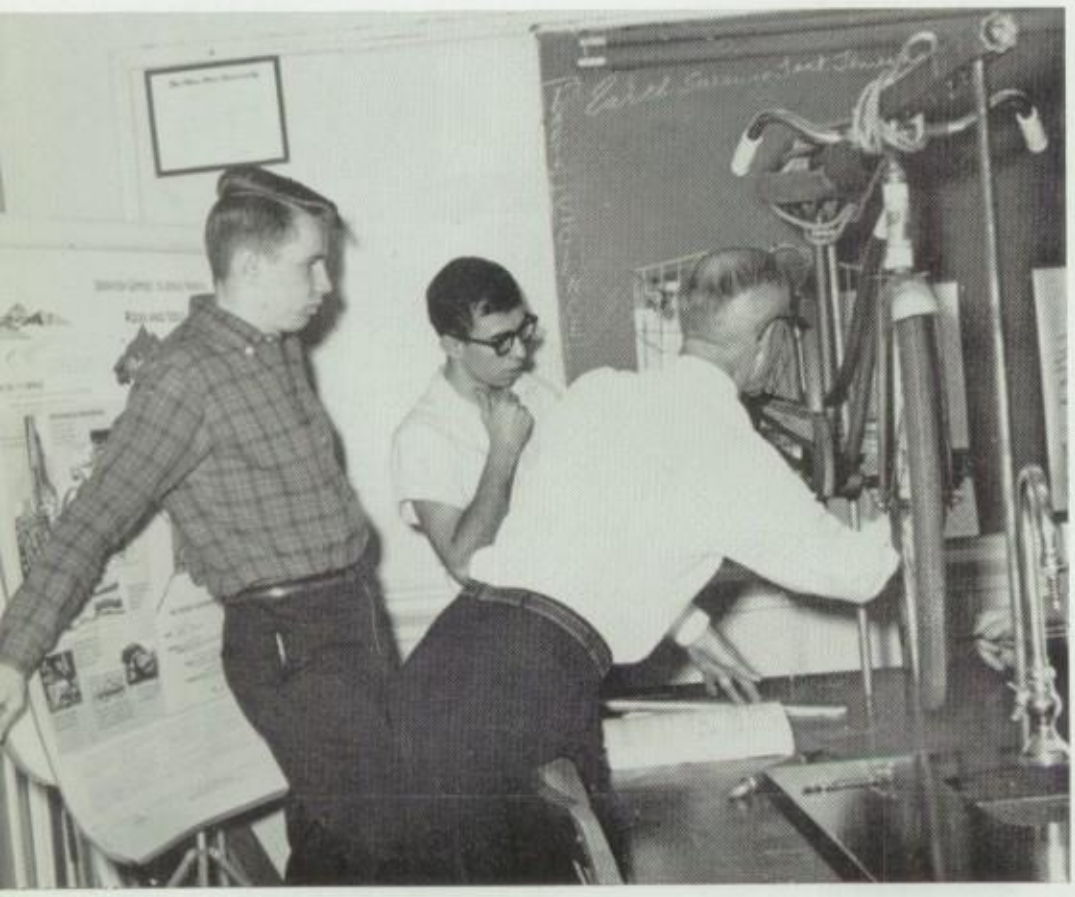
Junior Claire Fithian finds the early morning hours an excellent time to do quiet study in the library.

Field trips are another important facet of learning. On election day, Mr. Charles Stanley's senior social studies classes visit the polls.

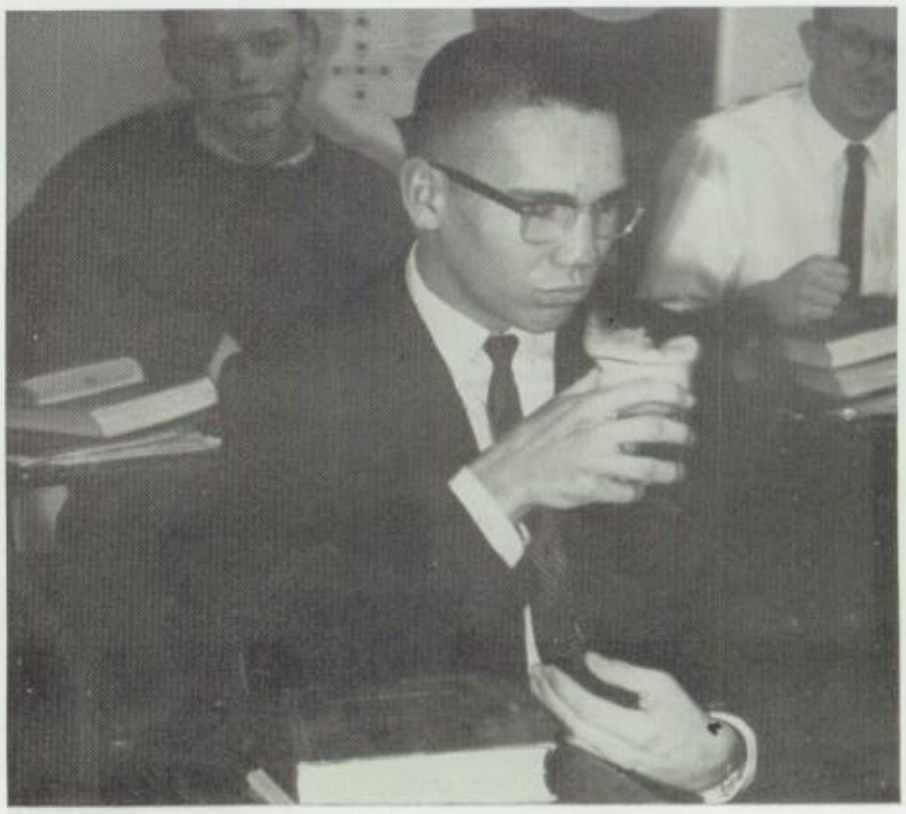


Steve Simpson is trying to solve a difficult Algebra I problem.

Bruce Dudgeon and Richard Gooding are learning many things that will aid them when they attend college.



Math and Science Prepare



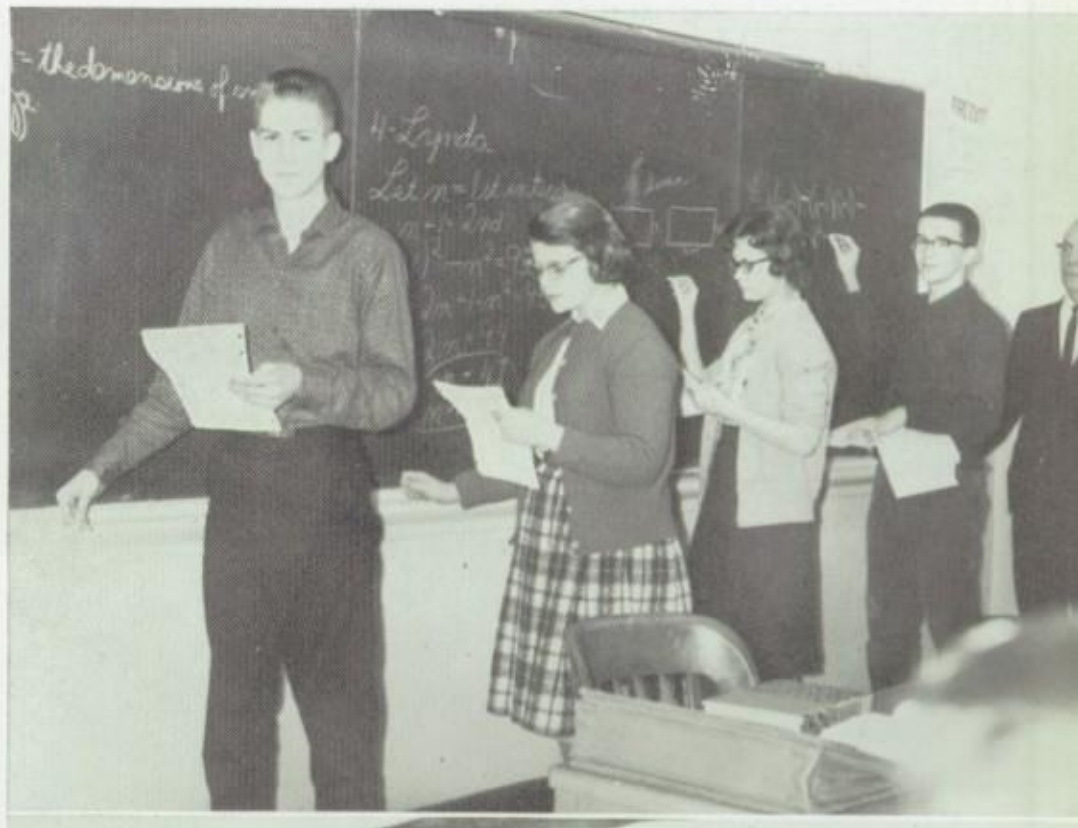
Larry Gatchell seems unimpressed by the characteristic of dry ice.

A new group of Walton's Warriors prepares to make the life of our school's favorite chemistry teacher exciting.

TOP: This group of Mr. Kenneth West's students will always remember the day that they stood up in front of their classmates, without the correct answers.
BOTTOM: Some of Mr. Myron Cordrey's students are studying a model of our country's Polaris submarines.

Students for College

"What ever happened to baby bird?"



One half of the home economics course is spent in the sewing room. Here Linda Paige and Julie Biefnes learn to operate the sewing machines.

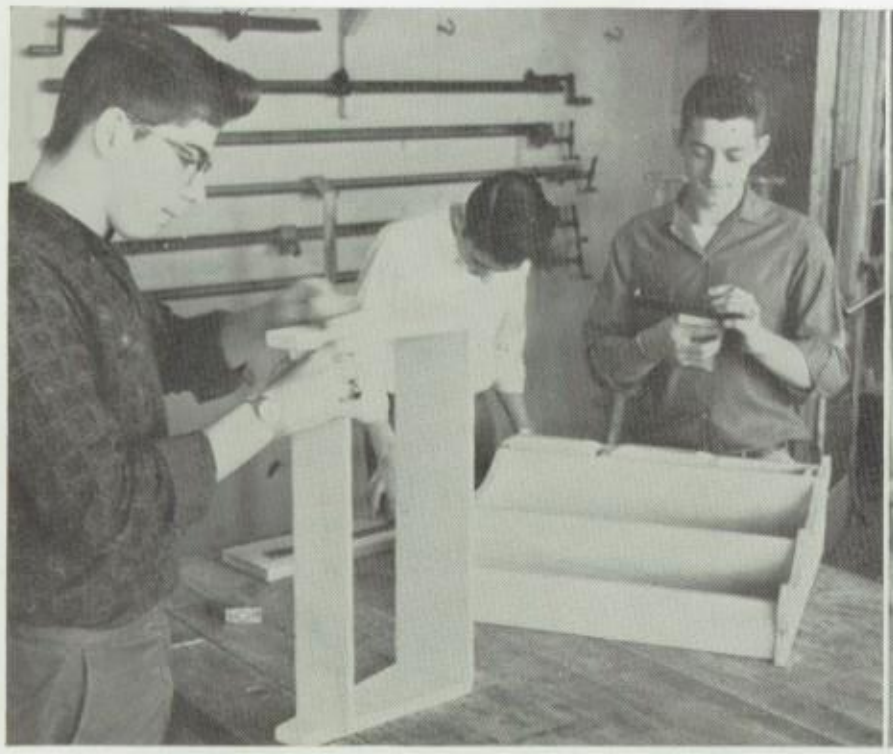
Home Ec

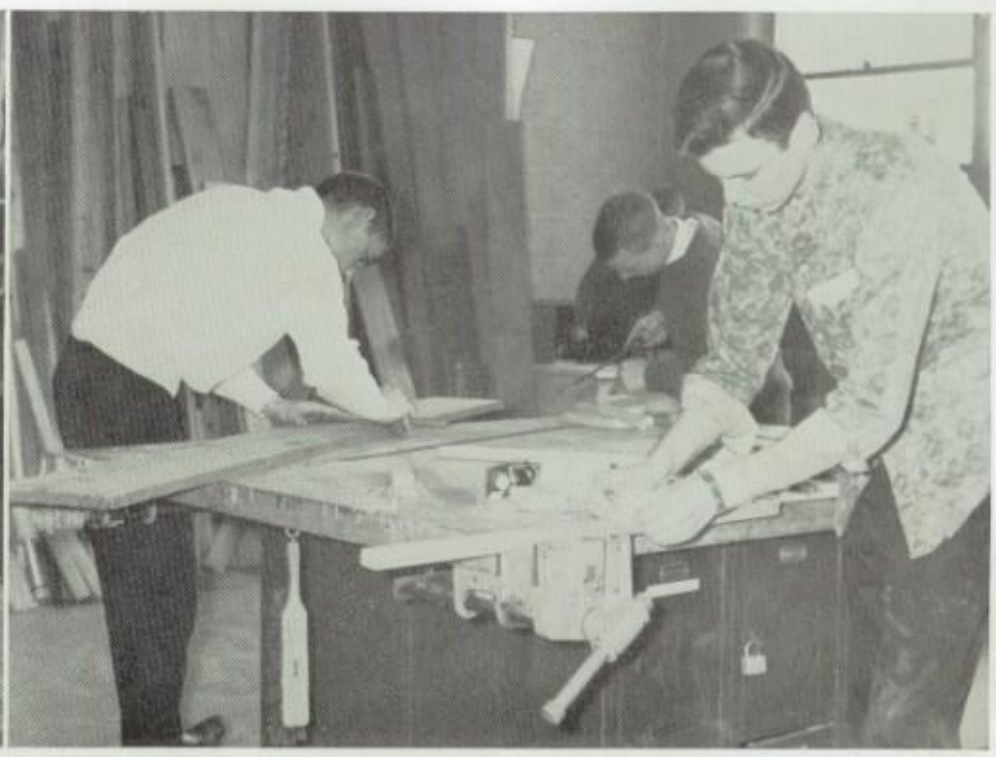
The second semester of the course is spent in the kitchens. June Brooks, Sue Kerr, and Jackie Suain give a final, longing look to the cookies they have just baked.

In the sewing department, future homemakers learn to produce their own clothing economically. Students in the foreground pin pattern pieces, while those at the tables operate sewing machines.

Prepares Students For Future Life

This year the home economics students also studied first aid and the care of the bedridden under the direction of Mrs. Phoebe Hamilton. Tami Horn, Trudy Boling, Mrs. Hamilton, Patty Burke, Karen Carson, Karen Sellers, Judy Seavolt examine the patient, Judy Gillespie.





Students in the industrial arts department put their newly learned skills to use in the woodworking department. John Beaver, Junior Billman, and Bob Walpole are completing work on their wall cabinets while Ed Clutter, Larry Doup, and Doug Marshall begin construction on new projects.

Industrial Arts Department

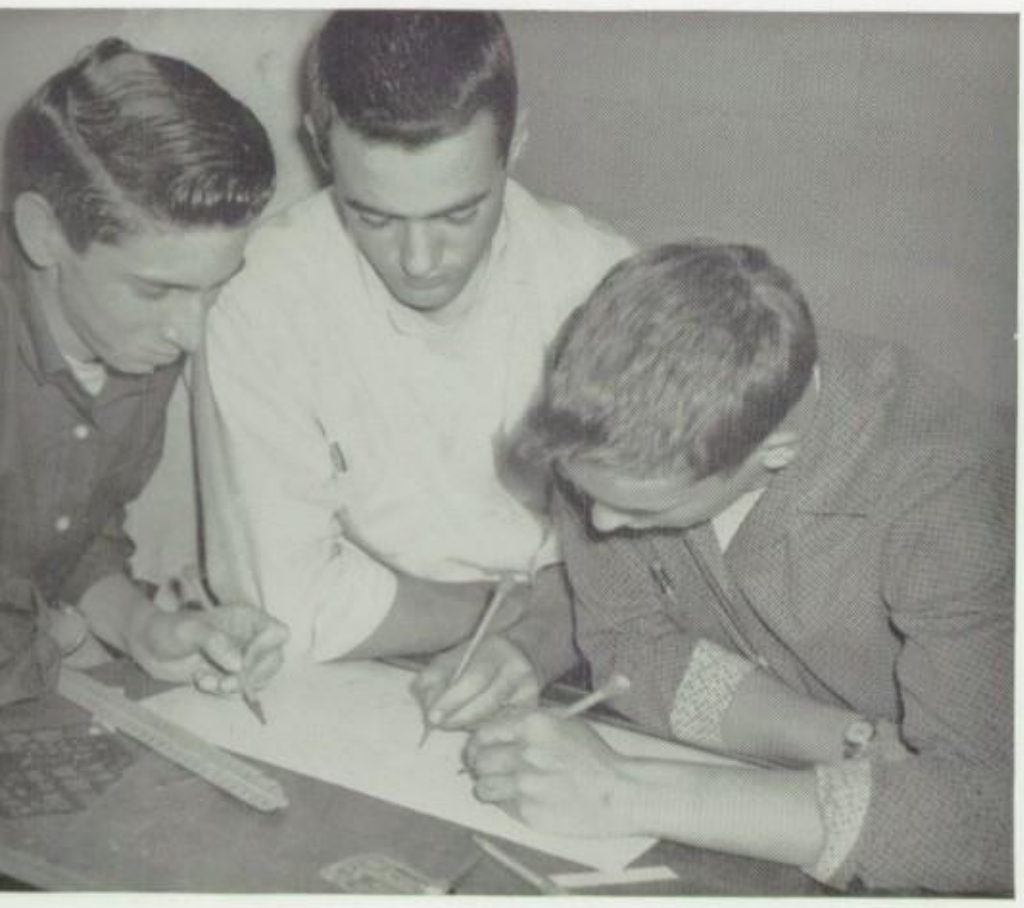
Another facet of the department's educational program is illustrated by this unidentified welder.

Several students from St. Vincent de Paul High School come to our school for classes not available at their school. Joe Heindle, one such student, works happily and cooperatively with his fellow shop students. Better watch what you're doing, Joe. Those blow torches are hot!!

As Doug Williams looks on, Roger Algire becomes familiar with the new apparatus in the Engineering Drawing Department.

Teaches Technical Skill

Richard Eaton uses a lathe during woodworking class as George Wright offers helpful advice.



Camden Henthorne, Tom Pilotti, and Phil Hawkins find that three heads are even better than two when they combine efforts on a different drawing assignment.

In order to gain practice in portrait sketching, Chuck Hellwig acts as a model for the rest of his art class.

Art Classes Employ New Techniques

Anna Smith, Sharon Stokes, and Karen Staats find the potato to have surprising uses when properly treated. Here the vegetable is used to print paper.

The first year typing course prepares the student for the complete business courses provided by Mount Vernon High School.

Commercial Classes Study Business

For placing second and third in a county-wide typing contest, Debbie Topp won a typewriter, while Katy Kirch received a transistor radio.

Advanced business students received a demonstration by Mr. Franklin Dye, who is able to type 140 words per minute.

Cheryl Stricker, Anna Youst, Gary Hunter, and Phyllis Dial are among the advanced students who get practical training in the school bank.

NEWS PHOTO

Junior Sandy Boucher, one of the most active members of the journalism classes, interviewing Mr. Bert Martin during the laying of the corner stone of the new Memorial Hospital.

When they were in the fourth grade, Tom Mintier, Terry McClenathen, and Ken Sant learned from their parents of the proposed fund drive for the Bert W. Martin Memorial Hospital. By pooling resources, the boys managed to contribute one dollar and thirty cents to start the campaign. This year the goals of contributing persons were realized at the dedication ceremony when Mr. Martin again met the three young contributors.

Outstanding Students Contribute To Community

Brian Gatchell has been recognized throughout the community for his outstanding musical ability. Here he is pictured with five of the instruments he plays.

International communications are aided by the Pen-Pal program, in which American young people correspond with those of other countries. This year Dan Mills was able to meet his Japanese pen-pal during a visit to the United States.

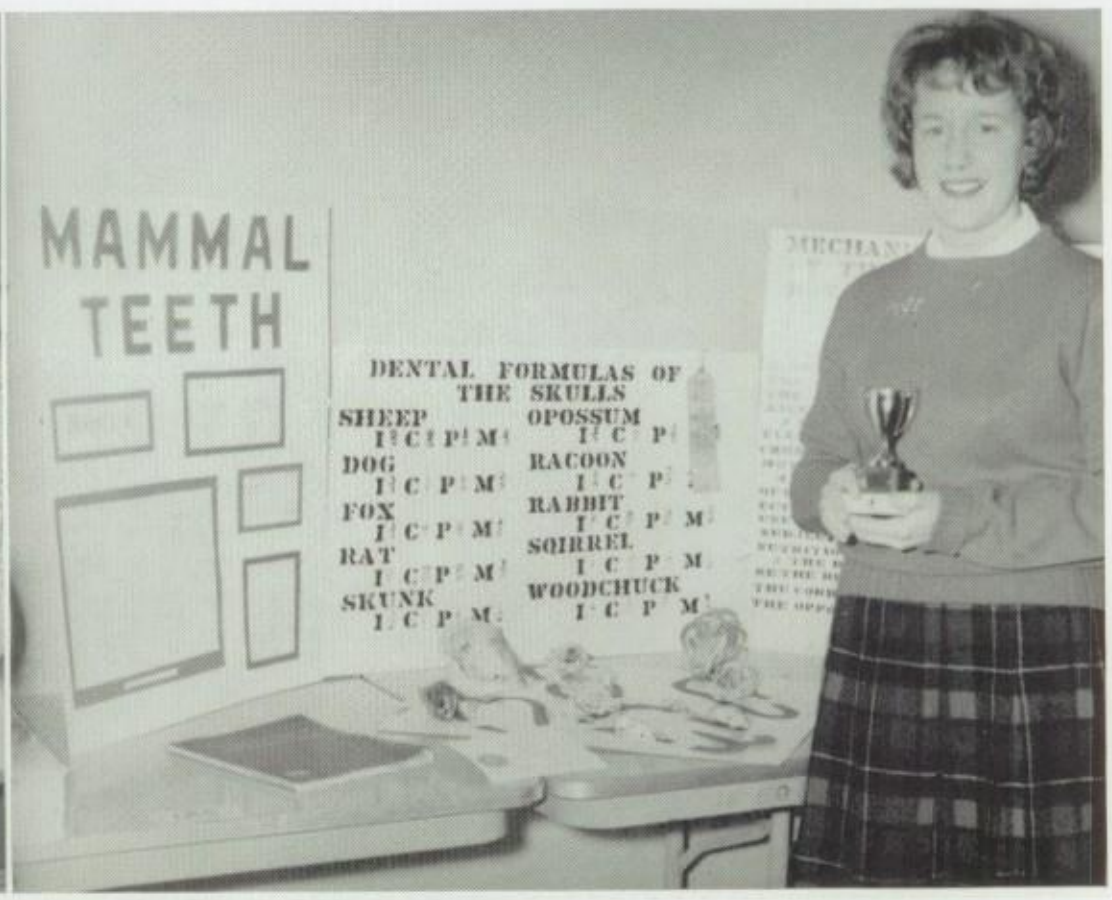
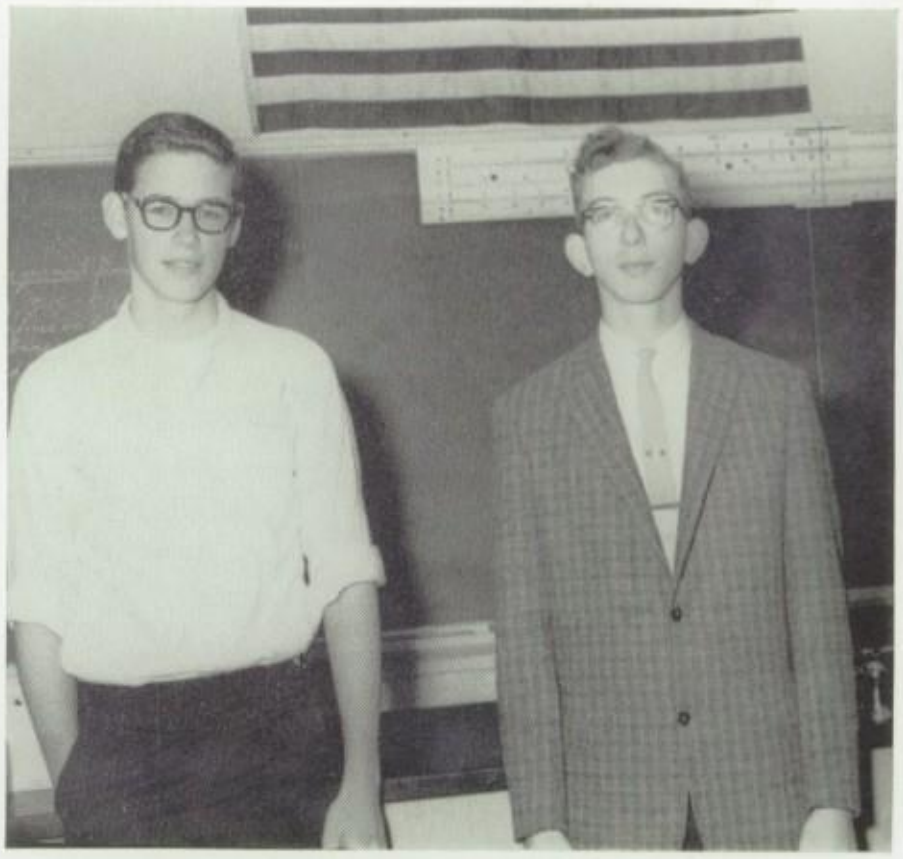
Janice Baube's Science Fair display was voted most popular on the local level.

Local Scientists Display Ability

In the local science fair, Cynthia Montgomery's project placed first, while Barb Nist was named runnerup.



Four juniors have been chosen to edit the 1964 high school publications: Kathi Taylor and Bob Beach will head the *FORUM* staff, while Gwen Sturtevant and Terry Hauger plan to edit the *JACKET JOURNAL.*



Two freshmen, J. David Fullemann and Ricky Parker represented their school by achieving ratings of Superior at the State Science Fair. Each had already received a rating of Superior in both the local and district fair.

1963 SCHOLARSHIP TEAM GOES TO GRANVILLE

FIRST ROW: Mr. Charles Fortunato, adviser; Sharon Bickle, Sue Allman, Judy Miller, Jackie Love, Jane Ellis, Becky Ball, Wendy Heinz, Susan Sturgess, John Transue, Leslie Bartels, Miss Nancy Stillwell, adviser.
SECOND ROW: Patti Wynn, Mary Deavers, Jane Edick, Dan Mills, Dale Statler, Mark Johnson, Ron Miller, Pat Gilliland, Stanley Holmes, Jim Michael, Dick Snyder.
THIRD ROW: Jeanne Shick, Mary Breece, Sue Finkbeiner, Dave Weese, Allen Stultz, Jim Hotchkiss, Roy Grindstaff, Bob Collins, Dave Edgar, Jack Kepple, Keith Frye, Chris Mayer.
FOURTH ROW: Chris Ransom, Sue Walker, Sue DeWinter, Walter DeWinter, Hannah Mills, Robin Woodard, Dan Clyde, Roger Sillars, Gary Black, Pete Dickson, Tom Edwards.
FIFTH ROW: Brenda Steinmetz, Suzanne Lester, Penny Mayer.
SIXTH ROW: Wayne Decker, Richard Gooding, Nancy Annable, Vieve Minor, Michael Van Aman, Larry Coe, Sid Barton, Bob Kahrl, Don Durieux, Bruce Dudgeon, Carolyn Donaldson, Christine Highman, Kathe Shick.

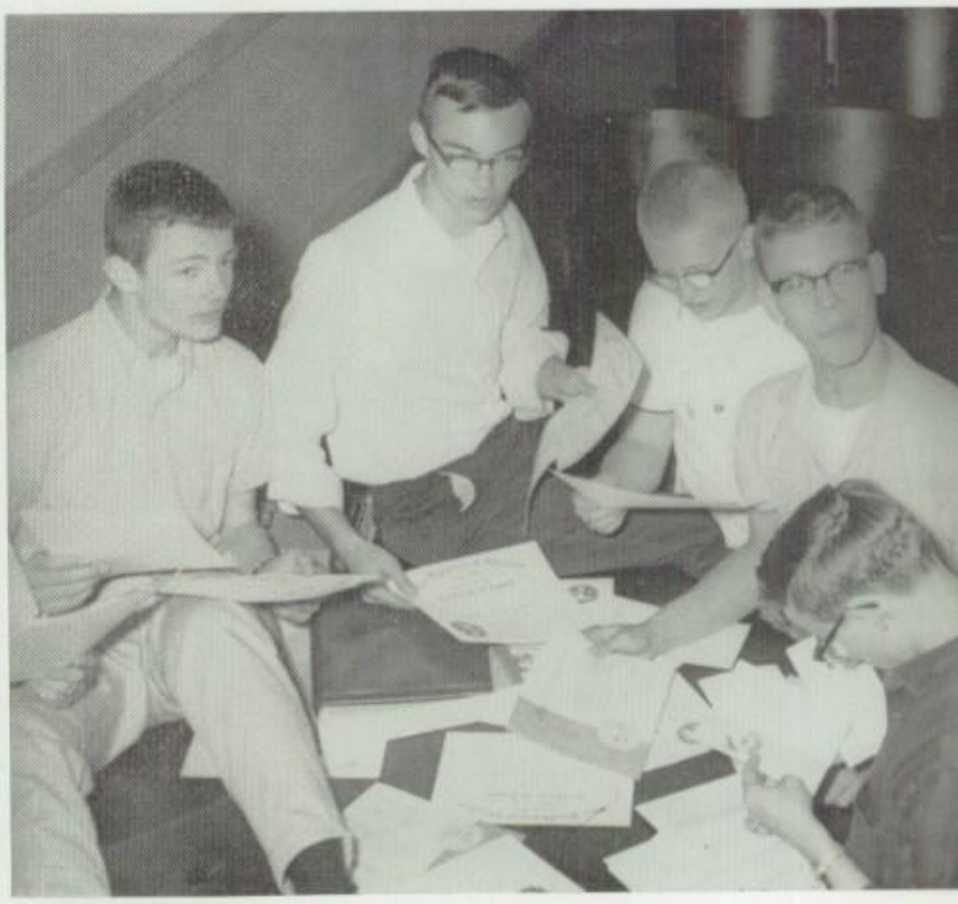
Last year Jeanne Shick and Lizbeth Fulleman were nominated to participate in a writing competition sponsored by the National Council of Teachers of English. This year Lizbeth was named winner, and Jeanne the runner-up in the contest which was judged on a national basis.

In order to qualify for the citizenship award presented by the D.A.R., senior girls must take a written history examination. Bonnie Blue was runner-up in this competition, while Patti Wynn was the winner of the award. Bonnie was also the winner of a scholarship given by the Mount Vernon League of Business and Professional Women.

Seniors Win

Mrs. White presents the Home Economics sponsored Betty Crocker Award to Marilyn Lauderbaugh.

After the annual honors assembly, seniors Reed Hamilton, John Bollinger, Bill Kymer, Mike Hobbs, and Ricky Ralston look at each others certificates. Reed was awarded a Navy ROTC scholarship, while Mike received a fine scholarship from Otterbein College.



Art Murphy, Gerald Laymon, Pat Mackin, Bruce Dudgeon, and Bill Buckham were selected to attend Girls' and Boys' State last summer.

Special Honors

Because the National Merit Scholarship Corporation is now responsible for the selection of the Pittsburgh Plate Scholarship, two Mount Vernon students received awards. Michael Van Aman received a regional scholarship, while Patti Wynn received the local grant.

Suzanne Lester, Mike Ulrey, Patti Wynn, Lizbeth Fullemann, and Michael VanAman were named finalists by the National Merit Scholarship Corporation. The finalists are chatting with Mr. William Gaunder during a luncheon given in their honor.

Seniors elected during junior year:

Karen Fosnaught, Susie Bone, Connie Peters, Gerald Laymon, Cheryl Stricker, Carola Adams, Michael Ulrey, Leslie Holmes, Michael Van Aman, Reed Hamilton, Jeanne Shick, Bill Buckham, Patti Wynn, Brian Gatchell, Suzanne Lester.

National Honor Society

Members newly inducted into the National Honor Society are elected on the basis of scholarship, service to school, leadership, and character. The new members are as follows:

TOP: Juniors — Bob Kahrl, Roger Walton, Kent Lutz, Terry Grubb, Sid Barton, Barbara Nist, Susan Allman, Jane Edick, Janet Wacker, Karen Popejoy.

BOTTOM: Seniors — Christine Clark, Richard Gooding, Merla Matthews, Pat Mackin, Marilyn McDowell, Dan Clyde, Ronnetta Miller, Lizbeth Fullemann (hidden), Martha Ward, Carol Hoecker, Bonnie Blue, Sharon Craig, Mary Kay McRill, Joyce Gallogly, Dan Mills, John Bollinger. Bruce Dudgeon (not in picture)

The National Athletic Scholarship Society is for senior boys who rank in the upper half of their class, and who have earned at least one athletic letter in a major sport or two in a minor sport.

Gary Hunter, Dick Fox, Doug Williams, Gerald Laymon, Bill Buckham, Tom Woodward.

Quill and Scroll

The Quill and Scroll is a national organization for outstanding high school journalists who are also in the upper third of their class.

SEATED: Bruce Alexander, Richard Gooding, Bruce Dudgeon, Tom Withgott, Bob Beach.
KNEELING: Leslie Holmes, Carol Hoecker, Martha Ward, Suzanne Lester, Robin Rhoades, Marilyn McDowell.
STANDING: Karen Miller, Susie Bone, Mary Kay McRill, Lizbeth Fullemann, Kathi Taylor, Pat Mackin.

Guests of honor at the Latin Banquet were Jupiter (Gary Clapham), Juno (Janet Harvey), Empress Karen Miller, and Emperor Mike Hobbs. The royalty and diety were elected in the Latin classes.

Miss Cannon retires after thirty-nine years of teaching English and publishing the *Jacket Journal* and *The Forum*.

FORUM Staff Salutes Miss Sara Cannon

The 1963 FORUM staff wishes to acknowledge the accomplishments of a tireless individual who has completed her career as yearbook adviser this year.

Through the successful efforts of Miss Sara Cannon, Mount Vernon High School's publications department has become an active and vital part of the basic curriculum. First hand experience in both yearbook and newspaper work under Miss Cannon's direction has proved invaluable to the many former students who now pursue careers in journalism and related fields.

However, Miss Cannon's talents are not confined to local students of journalism; she has frequently been asked to teach at journalism workshops on both state and national levels, and served two years as president of the Journalism Association of Ohio Schools.

Thus we wish to salute Miss Cannon in this, her thirty-ninth year of teaching and her twenty-seventh Forum. She has also advised the publication of more than four hundred Jacket Journals. Retirement may not come easy, but it is well-deserved.

The publication department wishes to express its appreciation for tireless efforts of the staff photographers, Bruce Alexander, Terry McClenathan, Tom Mintier, and Bob Jewell, who made the 1963 FORUM possible.

These People Deserve Special Thanks

Although Dan Hulse and Doug Chester are rarely seen by the public, they have worked as stagehands and electricians on every school production this year.

Commerical students who worked on the 1963 Easter Seal campaign are (left to right) Debbie Topp, Karen Fritz, Kathy McCutchen, Linda Colgin, Dan Clyde, Mary Deavers, Karen Vernon.

Hmm! The Y-Teens certainly did sponsor a "novelty" dance. Here we view one of the many happy couples who attended the dance.

Students who participate in high school activities often have no idea of the amount of work which goes on behind the scenes. Prior to the Sweetheart Ball, held to celebrate Valentine's Day, the senior members of the F.H.A. decorate the gym. In the second picture, Lizbeth Fullemann and Bruce Dudgeon, who were emcees of the Forum Show, study their lines before rehearsal.

One of the most exciting moments of school life is the February 14 announcement of the Forum Queen, her attendants, and court. Starry-eyed girls who have just been elected to these positions crowd to congratulate Beth Imhoff, the 1963 queen.

Sabrina (Florence Senseman) anxiously tells Maude Larrabee (Janice Baube) about her five years in Paris.

The lighting is a very important part of a play; Bob Jewell and Richard Vail are working on special effects for a night scene.

"Sabrina Fair" is Senior Class Play

The play cast relaxes before the final dress rehearsal begins.

One of the biggest attractions back stage the night of the play is the make-up table. Here Mrs. Truxall applies the finishing touches to one of the student's make-up.

Sabrina Fair is a delightful, heartwarming comedy about a young girl who is trying desperately to find her place in life. Returning home from Paris to recapture a bit of her past and find out if she is in love with her childhood sweetheart, Sabrina Fairchild is confronted with the most confusing two weeks of her life. Sabrina's father is a chauffeur for a wealthy family on Long Island. David Larrabee, youngest son of the family, is the boy with whom she thinks she is in love. The fun really begins when Sabrina's lover from Paris walks in on the Larrabee household.

Life for Sabrina is never quite the same. Not only does she refuse to marry her Frenchman, but she turns down David Larrabee also. The end of the play finds Sabrina beginning a new kind of life with Linus Larrabee, David's brother and the oldest of the Larrabee sons.

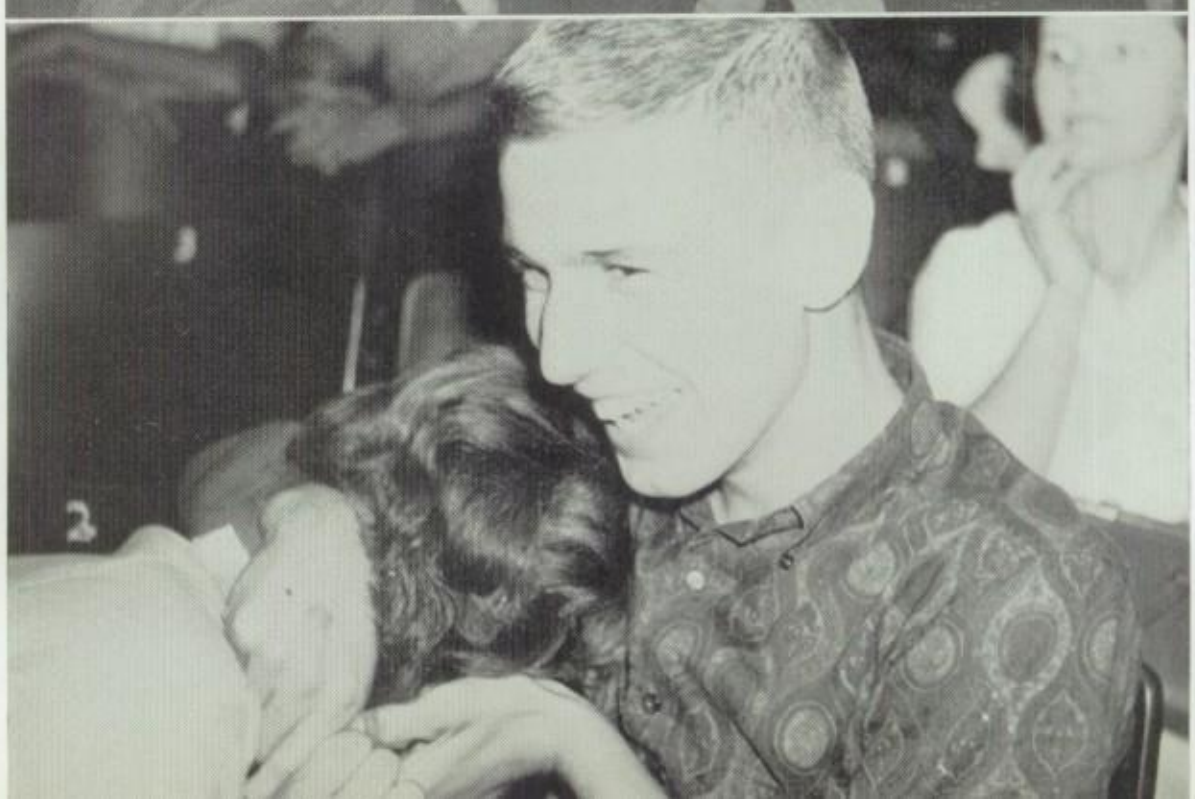
Junior Class Has

Terry Grubb and his partner must be very energetic for their twisting is very fast.



There is more than one way to have a pleasant time at a dance. Isn't that right, Mike?

Couples enjoy dancing at the Junior-Senior Prom in the Memorial Building.

An Enjoyable Year

This group finds the atmosphere "sur le Champs Elyseés" indeed pleasing.

"Come Over To Our House"

Stephen Reynolds (Jim Hotchkiss) screams at his son Butch (Ronn Woolson) as Becky Ball, Gary McNutt and Sharon Bickel look on.

Stephen Reynolds (Jim Hotchkiss) and Amanda Eldridge (Sue Allman) become involved in a tense discussion which is observed by the family (Liza Kreps, Sue Ferrell, Becky Ball, Gary McNutt, Sharon Bickel).

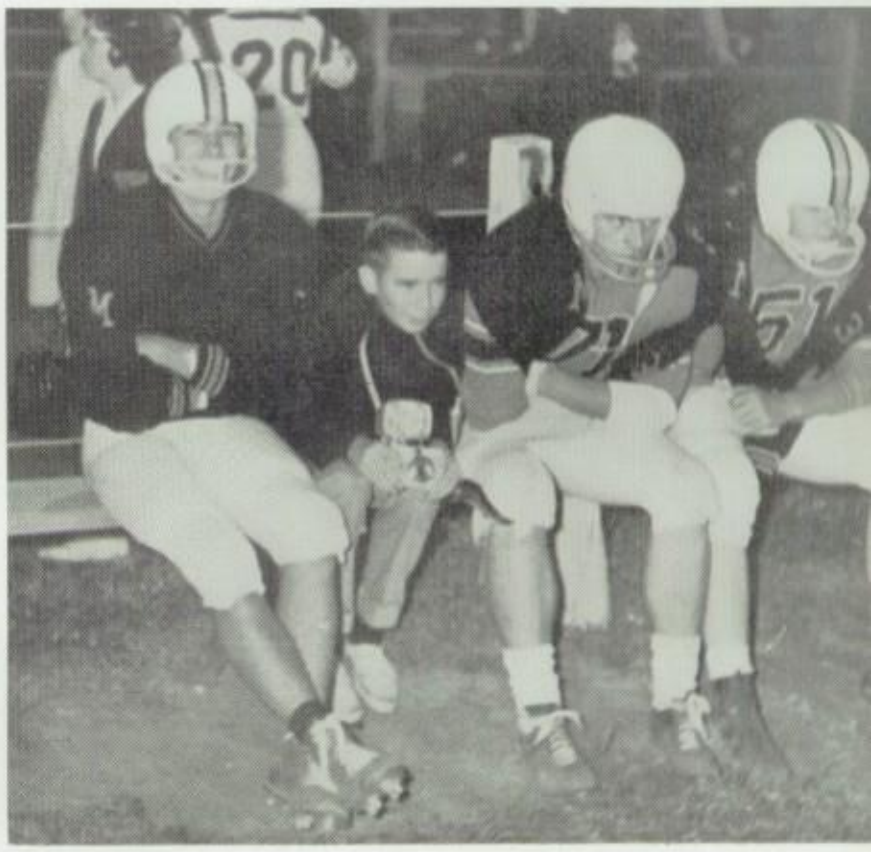
Is Junior Class Play

This year the Junior Class of Mount Vernon High School presented *Come Over to Our House.* The play presents the hilarious events encountered by a widow and a widower when they try to raise their children alone. The resulting incidents including an exploding furnace, the loss of a dance costume, and the introduction of an irate prize fighter add to the hilarity.

Marion Eldridge (Becky Ball) begins a mock-dramatic scene for the benefit of Ron Woolson, Gail Lemasters, Sue Allman, and Lisa Kreps.

We wonder what can be so intriguing as to capture the interest of this attentive group of sophomores. It must be good!

Sophomores At Work and Play



Gee, Coach, let us go in, we'll *really* show them!" This group of fighting Jackets, including our sophomore shutterbug Tom Mintier, certainly warms the bench — with enthusiasm, perhaps?!

This group of "Classy Cats" truly brought the house down with their unique interpretation of the tune—guess!—"Alley Cat."

Beth Imhoff and her escort, Tom Trace smile in appreciation of another fine forum show.

Members of the Senior Court, Bonnie Blue and Karen Fosnaught, and their escorts, Brian Gatchell and Kent Lutz, seem to be getting a kick out of the show.

Lois Brooks and Craig Chancellor really stomp up a storm! Lois and Craig, one of the high spots of the evening, performed a popular dance number to the music of the "Sophomore Twisters," another of the many talented Forum Show acts.

Forum Show emcees, Liz Fullemann and Bruce Dudgeon, certainly don't have stage fright. Get ready, folks! The show is about to begin.

Much hard work and time go into each Forum Show. Miss Nancy Stillwell, the Producer and director is assisted by Katie Kirch in decorating the risers.

The week of practice prior to the Forum Show often leaves the participants with aching muscles and undone homework. However, this gay group of court members seems oblivious to such woe during the rehearsal of the opening number.

"What a Life!" Is All School Play

Back stage the night of the play finds Mrs. Truxall and members of the cast anxiously awaiting curtain time.

This year the students of Mount Vernon High School presented *What a Life!* as the all-school play. For the amateur actors this play required many hours of rehearsals, but the final result was well worth the effort. The play took the combined efforts of students from the whole school. This is the production in which underclassmen can shine just as well as the juniors and seniors.

What a Life! is the story of Henry Aldrich, a typical high school student who seems to have more than his share of trouble. The play takes place in the principal's office; and since Henry is the main character, he spends most of his time there. Like other stories of this type, Henry is cleared of most of his wrong doings and ends up with the happy prospect of taking Barbara Pearson to the spring dance.

We wonder if Henry is the cause of all the excitement taking place in Mr. Bradley's (Dan Mills) office, principal of Central High.

Henry Aldrich (Richard Gooding) and Barbara Pearson (Janice Baube) are trying to decide whether or not to buy tickets for the Spring Dance from Gertie (Linda Norris).

Henry looks worried. Wh has he been accused of this time?

The Scenery Goes Up

Work on the Play is not limited to rehearsals at night but requires much extra work on the part of the stage crew and Mrs. Truxall.

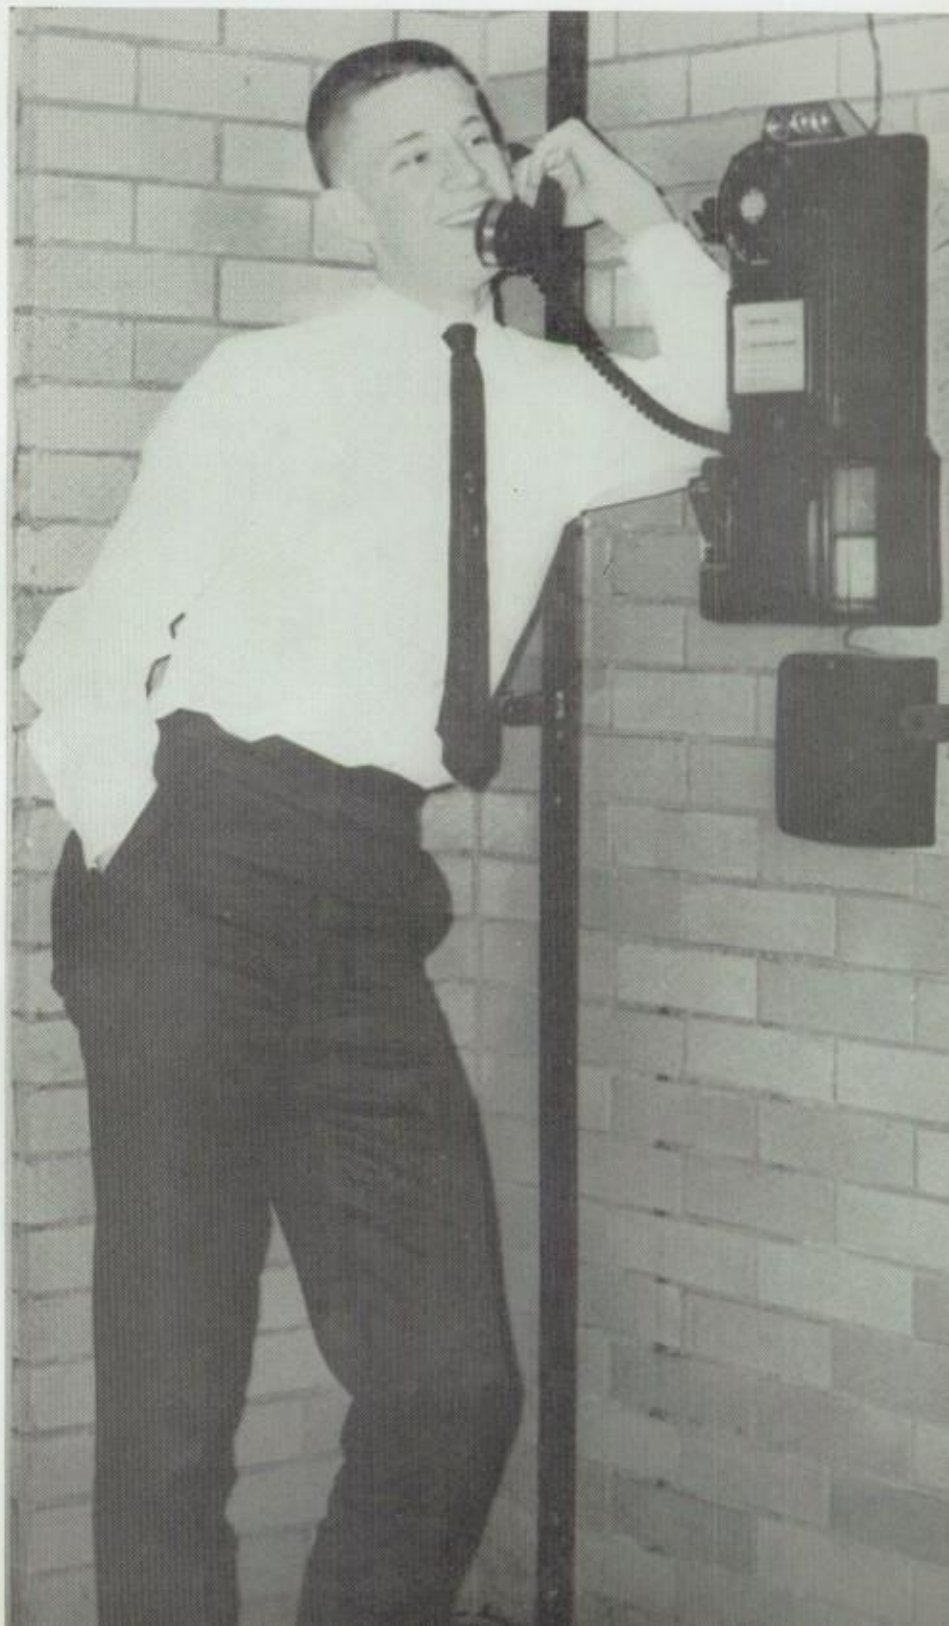
Our active Pep Club members enjoy a meal at a restaurant somewhere between Mount Vernon and Urbana. Although Larry George appears to have a slight problem, we are sure everything will be all right.



Could this be a conversation pertinent to school affairs? Even though Steve Beach is in school, this is surely an extra-curricular activity.

Boys' Clubs Serve the School

The two boys' service organizations in our school, the Key Club and the Hi-Y, combine their efforts to further the betterment of our school and the community. John Thompson, Steve Horn, Jeff Dauphin, and Pat Gilliland — members of the Hi-Y — work hard to recruit contributors to the United Fund.

Hard work, determination, and fun are characteristics of each successive band season. During the summer months, directors Jack Stauch and Robert Bechtel planned the 1962 marching programs. The actual work started for the students later in the summer. Beginning with the last two weeks in August, the talented members of the Mount Vernon High School Marching 100 worked under an often extraordinarily hot sun to make this marching season one of the best in our school's history. When not in the process of getting sunburns, the bandmasters learned several new shows which were later performed at the football games. As is customary, the last day of band camp was reserved for the seniors, who created an hilarious skit for the band's underclassmen.

In addition to marching in all of the Yellow Jacket games, the Marching 100 also performed in the Halloween and Christmas parades, among others, and presented a half-time show for one of the Kenyon College football games. A group consisting of the majorettes, seniors, sargeants, and corporals provided much of the spirit and enthusiasm at the pep rallies. The 1962 Marching 100 will serve as an excellent model for the bands yet to come.

The steak fry given by Mr. Leroy Durieux is being greatly enjoyed for the last time by some senior members.

DRUM MAJOR: Doug Chester.
MAJORETTES: Barb Pigman, Debbie Topp, Pat Mackin, Pam Stout, Nancy Hite.

The majorettes for the 1962 Marching 100 were a fine supplement to the band. The girls, selected at tryouts which were held in May, 1962, provided much of the life, color, and talent of the marching band. This newly-chosen group worked exceptionally hard to learn its marching programs and to create a new twirling routine for each band show. For the first time in two years, two new marches were incorporated into their repertoires. The talent of the majorettes is not limited to marching and twirling. Because of a new ruling, each must participate in another field of music. Mount Vernon can be justly proud of its group of talented majorettes.

The Drum Major led the entire band through its marching season.

Improved Season

The highly-spirited Yellow Jackets, improving this season over last year's, did not let a lack of size stop them. This year's football team, despite the fact that many juniors, sophomores, and one freshman filled the starting positions, showed hard drive throughout the season. Many times being the underdog, the Jackets never gave up their determination to win.

Even though we are losing four seniors, hopes are high for next year. The Jackets will have sixteen lettermen, including three freshmen, four sophomores, and nine juniors.

One thing our football players never lack is school spirit. This enthusiastic group of Jacket football players seems to be in good form at the pep rally the night before the Homecoming game.

Mount Vernon, tying for fourth in the Central Buckeye League, was awarded two places on the all league team. These players were Junior linebacker Steve McMains, who was also awarded honorable mention on the All-Ohio team, and halfback Jim Byrd, the first freshman to make the All-C.B.L. first team from Mount Vernon. Three seniors and two juniors were awarded honorable mention this year. They were Dave Coffield, end; Randy Lanning, guard; Tom Trace, tackle; Bob Beach, guard; and Kent Lutz, quarterback.

Inspires Our Teams

Seniors Susie Bone, Karen Miller, Tom Trace, and Karen Fosnaught are looking forward to the Pep Club's annual trip to Urbana.

This year Mount Vernon High School students can be especially proud of their Pep Club, for spirit has been unusually high. However, we do think that CeCe Beck has carried this good point to extremes.

School Spirit Is High

Perhaps one of the reasons for the enthusiasm of this year's Pep Club is the leadership of its lively officers: seated Jim Tracy, president; Suzanne Lester, vice president. Standing: Susan Donnelly, publicity head; Carol Hoecker, treasurer; Susan Bone, secretary.

Faculty Briefs

MISS MARY LOU ALLEN advises two of the high school's organizations, the Girls' Athletic Association, and the Tri-Teens. This young teacher studied at Ashland and Muskingum Colleges, and she earned a bachelor of science degree from Ohio University. Her educational duties consist mainly of teaching special education classes. Reading, bowling, and listening to music are her favorite sources of relaxation.

MRS. BARBARA BAUGHMAN serves her community as well as her school in many ways. In addition to being the junior-senior high school nurse, Mrs. Baughman is also secretary to the Tuberculosis and Health Association, a member of the League of Women Voters, and the American School Health Association. This mother of two earned a bachelor of science degree at Cornell University and a masters of nursing at Yale University School of Nursing. Knitting, sewing, reading, and sailing are her favorite pastimes.

If you hear distant strains of music issuing from the bandroom, chances are that MR. ROBERT BECHTEL, assistant band director, is conducting a class. The father of three girls and one boy, Mr. Bechtel still finds time to direct the Mellow Jackets, the high school dance band. The instructor of instrumental music received his bachelor of science in education at The Ohio State University.

For several years MISS SARA CANNON has taught classes at the summer journalism workshop at Ohio University; she also teaches at the Columbia Scholastic Press Convention in New York City in the spring. In addition to teaching journalism, English 10, and American literature, she is the editorial adviser of both the *Jacket Journal* and the *Forum*. Miss Cannon served for two years as president of the Journalism Association of Ohio Schools, and is a member of the National Association of Journalism directors. This instructor received her bachelor of arts degreee at Bethany College and has studied at New York University. Her hobbies include traveling and collecting color slides of American literature subjects.

Having attended and received a bachelor of science degree from Michigan State University, a masters of education from The Ohio State University, and instruction from the University of Buffalo, MR. ARTHUR CASSELL is well-qualified to teach his classes in Algebra I, advanced algebra, trigonometry, and advanced mathematics. He is also the Area Chairman of Mathematics, business adviser to the publications staffs, and the father of three sons. Recently Mr. Cassell purchased a new organ which he is learning to play.

MISS MARTHA COCHRAN enjoys collecting music, poems, recipes, and playing the piano; reading, listening to good programs, walking, and traveling are also pleasant occupations for her. She was given her bachelor of arts degree from Asbury College, and studied at Ohio University. Miss Cochran is the adviser to the Future Business Leaders of America and a teacher of Typing I. During her spare time, she took a self-help medical training course. She has also spent a summer in Hawaii.

MR. MYRON CORDREY holds the honor of having been elected the president of the Mount Vernon Education Association. He is also the scoutmaster of troop 392 and a member of the Knox County Health Board. This father of three children earned his bachelor of science degree from The Ohio State University; many of our freshmen know Mr. Cordrey as their earth science and general science teacher.

MR. EDWIN R. DANIELS leads a very diversified life. In addition to being the father of four sons ranging from ages 19 to 6 and one daughter age 5, he is an avid farmer, who until 1961 raised pure-bred Angus beef cattle on his farm. Recently Mr. Daniels was appointed the Director of School Transportation in Mount Vernon. This mathematics teacher attended The Ohio State University where he earned a bachelor of science degree and also a master of arts. In 1956 he was given a National Science Foundation Fellowship to the University of Utah.

If you happen to see someone who looks exactly like MR. CLARK DeVOL, don't panic — he has an identical twin brother. Our Mr. DeVol, however, earns his living by teaching students how to add two and two in his senior math, general math, and algebra classes. The Mount Vernon "Twin" attended Ohio University, where he received both his bachelors and masters degrees in education. When not advising the Future Teachers of America or his 3 year old son, he enjoys advising a golf ball how to drop into a hole, and participating in the Sons of the Union Veterans' Fife and Drum Corps.

MRS. KATHRYN DUNHAM, who is the mother of four children, recently received a grant from the Commission on English of the College Entrance Boards to participate in the English Institute at The Ohio State University's graduate school. She earned a bachelor of science degree in education at Miami University. This instructor of English 9 and adviser of *Vedette* enjoys reading, cooking, and cheering for the Cincinnati Redlegs.

Summer is the favorite time of year for MRS. ELDORA FITHIAN, her husband, and her two children, who are members of the classes of '63 and '64. This happy family finds relief from the summer heat by going boating and having outdoor barbecues. Mrs. Fithian is not only an excellent Bookkeeping I and II and personal typing teacher, but is also the Area Chairman for the Business Department. She earned a bachelor of science degree in commerce at Grove City College in Pennsylvania.

Rare is the person who has not yet met one of our school's guidence counselors, MR. CHARLES FORTUNATO, who earned a bachelor of arts degree at Marietta College, and a masters degree from Western Michigan University. "Chick" advises the Student Council, the National Honor Society, and his three sons, ages 8, 6, and 14 months. Our favorite guy around school likes reading, abstract design, and sports, particularly tennis and basketball.

Another one of Mount Vernon High School's faculty members who holds a masters degree is vocational agriculture teacher, MR. CLARENCE R. FRIDLINE. He received both his bachelor of science and masters degrees from The Ohio State University. Mr. Fridline is also the co-adviser to the Future Farmer's Association. Collecting air-cooled engines and fishing are extremely relaxing to this father of one daughter, and one son, who are both married; and he has five grandchildren.

With the exception of Alaska, MRS. SUZANNE S. FRIEDLY and her husband Paul have visited 49 of our 50 states. She has also visited 7 Canadian provinces, Mexico, and spent several months in England. Having attended and received a bachelor of science degree in education at Bowling Green, and masters degree at Ohio State, Mrs. Friedly instructs students in general math. This teacher is also grandmother of three.

MRS. ELEANOR GARRUS, who teaches Spanish I and II and English 9, earned a bachelor of arts at Western College for Women, and a bachelor of science at Ohio State. For several years this mother of two has been a "Pink Lady" at Mercy Hospital, and an active member of St. Paul's Episcopal Church Choir. She has also organized and taught ballroom dancing to teenagers and adults for some time, and is an Arthur Murray Medalist.

Not only has MRS. ALICE HARVEY earned a bachelor of arts degree from Wellesley College, but she has taken graduate work at the following schools: University of Heidelberg, Germany; the Catholic University at Angers, France; Middlebury College, Vermont; and the University of Maine, at Orono. Mrs. Harvey, who is the mother of three children, teaches French II and III and advises various French Clubs. She is also the area chairman of the Language Department, and has recently received a fellowship to study at Colorado College.

Aside from teaching Typing II and Shorthand I and II, MRS. MARY HERRON is a golfer and a traveler. In her travels she has visited Hawaii, Europe, and the Caribbean. She attended Ohio Wesleyan University, The Ohio State University, and received her bachelor of science in education from Capital University. Also, she is a senior class adviser and the wife of the president of the Knox County Savings Bank.

MR. HAROLD L. HIGHMAN, who received his bachelor of science degree in education and his masters at Ohio University, assumes a great deal of responsibility in our school. He teaches classes in general sales, business arithmetic, record keeping, business law, and banking. He also has the very responsible position of being school treasurer, and he is faculty manager of athletics. This slightly built man enjoys traveling, gardening, taking candid photographs, and playing golf.

Each Saturday morning general science teacher, MR. CHARLES HILL, goes to Antioch College to further his education. Last summer he attended summer school at the University of Northern Michigan. He has already earned his bachelor of arts degree from Western State College in Colorado, and expects to complete his masters next year. When Mr. Hill's duties as reserve basketball and baseball assistant coach do not become too great, he goes fishing, hunting, or plays softball with his two sons.

MRS. CONSTANCE HOLCOMBE'S development reading classes are designed to help the student to read faster and to improve his comprehension. Mr. and Mrs. Holcombe, their children Charles and Susan, have visited many areas of the United States; they particularly enjoyed the Rocky Mountains, and have taken four trips to different sections of these mountains. Mrs. Holcombe received her bachelor of science degree from Beloit College in Wisconsin.

MRS. LOUISE HUGGINS teaches English to this school's freshmen. She is also a deaconess in her church. Having already received college credit at the Cook County Nurses' Training School, (which is a part of The University of

Chicago), Kent State, and Ohio University, Mrs. Huggins received a bachelor of science degree from the College of Wooster. Reading, knitting, sewing, oil painting, traveling, and hiking are her chief methods of entertainment. This English teacher has two sons and one granddaughter.

If you have any repair work or construction jobs that must be done quickly and efficiently, see MR. MELVIN R. HYATT, who teaches Industrial Arts II and advanced woodwork. Mr. Hyatt went to The Ohio State University, where he earned a bachelor of science degree. This faculty member enjoys keeping animal pets, gardening, observing nature, reading, and traveling. His wife, Barbara, is also a teacher, at Elmwood School.

The area chairman in social studies, MR. JAMES N. IMEL, has attended Western Reserve, The Ohio State University, West Virginia University, and received a bachelor of science degree at Ashland College. When his social studies and geo-politics classes are not consuming the bulk of his time, Mr. Imel is either reading, collecting coins, building things, golfing, bowling, swimming, or teaching in church; he also does odd jobs for the township and county. He is the father of three children.

The Future Farmers of America know their adviser, MR. CLIFFORD O. JUMP, quite well. Mr. Jump, who is the father of two sons and one daughter, earned both a bachelor of science and a masters degree in agriculture at The Ohio State University. This vocational agriculture teacher is definitely partial to farming. Working with and judging livestock are very enjoyable for him, as are church work and golfing.

The class of '63 is very grateful to senior class adviser MISS MARGUERITE MANN, as are many previous classes. Miss Mann's qualifications for teaching English XII are a bachelor of arts degree from Ohio Wesleyan and a masters degree from Bowling Green State University. This area chairman in English enjoys listening to music to some extent, but her real pleasures are derived from reading and traveling. She plans to spend this summer in the British Isles getting material for her English literature classes.

If you like red and white Corvette convertibles, see one of our newer young teachers, MR. JOHN C. MARTIN. Mr. Martin teaches biology to the naturalists in our school and is also an assistant football coach. Water skiing, boating, and golfing are this outdoor enthusiast's chief ways of forgetting about phyla, bacteria, and genes.

This past summer French I and II teacher, MRS. IMOGENE MONTGOMERY, took the trip to France for which she has been wishing many years. Having received her bachelor of arts degree from Denison University, her masters degree from Toledo University, and having attended McGill University, Mrs. Montgomery had little difficulty in making herself understood on her trip, accompanied by her husband. She enjoys reading, cooking, playing bridge, going to the theater, and watching good television programs.

MR. DONALD MORRISON, who is the area chairman of vocational studies, teaches industrial arts. His profession also forms a basis for his hobby of drawing house plans for other people and for himself. Mr. Morrison built his own home on Mansfield Avenue. This father of three children escorted and married the 1943 Forum Queen, Joyce Turner.

MR. LAMOIL L. OWEN, like many previous members of his family, was named for the Lamoille River in Vermont. Mr. Owen holds a bachelor of science degree in education from Ohio University, and a masters degree from Ohio State. Previous to this year, this father of three, taught social studies and was the area chairman. This year, however, he is the Audio-Visual Director for all city schools. His busy schedule includes advising the Projection Club, woodworking, reading, fishing, and antique wood finishing.

MISS ELEANOR OWENS, who teaches the sophomores good grammar, is another of our instructors who earned a bachelor of arts degree from Denison University. Horseback riding is one of Miss Owens' most favorite forms of relaxation, as anyone who has had her can recall. Reading, writing poetry, and traveling are also very high on her list of favorite pastimes.

Need insurance? Just see MR. NICK PETROFF, who sells life insurance after his school activities are finished. Mr. Petroff teaches ninth grade English, but he is also an assistant coach in three sports — football, basketball, and track. If any male member of our student body has ever been discovered pursuing other activities between the hours of 8:30 a.m. and 3:30 p.m., he probably knows that this teacher and coach is also the director of attendance at Mount Vernon High School.

MR. LEE O. RAMEY earned both a bachelor of science and a master of arts degree at Ohio University after attending Rio Grande College. He teaches English 10 at our school. Creative writing, farming, reading, sports, music, and drama enable Mr. Ramey to relax when other work is not to be done. For his master's thesis, this father of three wrote one of the most complete studies of Jesse Stuart's life and writing that has ever been published.

MR. DICK RICE was recently hired as Mount Vernon High's new assistant principal. Already having earned a bachelor of science and a masters degree from The Ohio State University, Mr. Rice assumed his new duties with little difficulty. Reading, gardening, woodworking, hunting, fishing, golfing, and skiing appeal very much to this father of six children ranging in ages from eleven to two.

MR. RALPH RICE is another one of our faculty members who received his bachelor of science degree from Ohio University. Mr. Rice teaches American history, and he is also assistant faculty manager and the father of two daughters and one son. He is the brother-in-law of Mount Vernon's gift to the theater, Paul Lynde.

One of the advisers to the *Vedette* magazine is MRS. PEGGY ROBERTS, who went to Western Reserve, but earned a bachelor of science in education at Ohio State. In addition to teaching English, this mother of two girls is working toward a masters degree. Reading, playing bridge with her family, and trying to write poetry entertain Mrs. Roberts when she is not doing something else. Last summer she attended the Ohio State University, having received a grant from the Commission on English of the College Entrance Boards to take part in the English Institute of the University's graduate school.

Few individuals are aware of the fact that Biology I and II teacher MR. JACK ROBESON has three granddaughters. When not assuming his duties as teacher and area chairman for the Science Department, Mr. Robeson enjoys fishing, hunting, painting, and officiating at football games. Bridge too rates high on this teacher's list of recreational activities. He earned his bachelor of science degree in education at Ohio University.

Juniata College, where she earned a bachelor of arts degree, and Penn State University can claim Latin I and II teacher, MRS. RUTH SANNER, as an alumna. As many seniors recall, Mrs. Sanner is the mother of two daughters and a son, who were graduated from Mount Vernon High. Being the sponsor of the Latin II Club must leave her a scant amount of time to pursue her recreational activities of listening to music, sewing, bird watching, collecting antiques, and rare postal cards. She is also a member of the Women's Association of the Presbyterian Church.

Head basketball coach HOUSTON SCHLOSSER has contributed many years and victories to Mount Vernon High School's basketball teams. Mr. Schlosser attended Grove City College, The Ohio State University, and Ohio Wesleyan, where he received his bachelor of arts degree; he was given his masters degree from Kent State University. Besides teaching geometry, health in summer school, and being head high school basketball coach and junior high track coach, "Schloss" finds golfing, fishing, and boating enjoyable pastimes. For ten years this popular teacher at Mount Vernon High was Director of City Parks. He married his high school sweetheart, Maxine Thiebert, and they are the parents of two children.

MRS. JEAN W. SHICK has attended three colleges — Western College for Women, Denison University, and Ohio University, where she received a bachelor of arts degree. She is also the chairman of junior class advisers and an American literature instructor. Mrs. Shick's daughter, Susan, who is a senior at Denison University, spent her junior year studying in France and was recently elected to the Phi Beta Kappa honorary; a son, Karl, is a philosophy major in his junior year at Harvard. She also has two daughters in high school — Jeanne, a senior, and Kathe, a freshman.

MR. MITCHELL SMITH holds both a bachelor of fine arts degree and a master of education; he has attended the University of Georgia, Kent State, and Western Reserve. Teaching Art I, II, III, and IV, collecting stamps, painting, horseback riding, going to movies, and traveling definitely keep Mr. Smith quite busy.

One of the most busy and industrious teachers in our school is American history instructor MR. JAMES SPICER. Mr. Spicer is assistant football and head weightlifting and track coach, the Director of City Parks, Junior Olympics Coordinator, a Y. M. C. A. committeeman, and a member of St. Paul's Episcopal Church. Having received a bachelor of arts degree from Muskingum, Coach Spicer enjoys swimming, fishing, hiking, athletics, and working with young people. He is the father of three girls, and is married to a former Forum Queen, Stella Madias.

MR. CHARLES STANLEY, who teaches both world history and social studies and is an assistant basketball and head baseball coach, received a bachelor of science degree in education at Ohio University. Mr. Stanley is also the father of a boy and a girl and an adviser to the Senior Class. Camping, church activities, vacationing as a group, community clubs, refinishing furniture, golfing, and fishing are this teacher's favorite pastimes, as are officiating at basketball games and participating in the Y. M. C. A.

MR. JACK STAUCH received his bachelor of science degree at The Ohio State University. His outside activities include being choir director at the Lutheran Church, a member of the Lutheran Church Board, a Sunday school teacher, a board member of the Community Concert Association, and the area chairman for music and fine arts at the high school. Even though Mr. Stauch is Mount Vernon High's music director, he never tires of listening to good music, his chief form of relax-

ation. He also enjoys his family life with his wife and two daughters.

If you happen to have a problem, see MISS NANCY STILLWELL, who is always ready to listen and to offer any advice which may be of assistance. She earned a bachelor of science degree from Stetson University, in Florida, and is now working on a masters degree. Between being guidance counselor, teaching health, and general science, and being in charge of attendance, Miss Stillwell can find very little time to pursue her favorite forms of entertainment — reading, painting, and listening to music. Many students remember her as the former adviser to the Girls' Athletic Association, and as the physical education instructor. She is also the director of the Forum Show.

Recently head football and assistant track coach, MR. CHARLES R. STOBART, earned a masters of education degree at Ohio University in Athens, where he had already received a bachelor of science degree. In addition to teaching health, biology, and physical education, Mr. Stobart tries to find as much time as possible to play golf. He is also the father of two children, ages six and three.

As one might guess, MRS. NADINE W. STROME teaches both the Forum Queen, Attendants, and the Court their dances for Mount Vernon High's annual Forum Show. With all the escorts with two left feet, that is probably quite a chore, although she manages to turn in an excellent job each year. She is also the mother of three children — one boy and two girls. Our "phys ed" teacher finds relaxation through golfing, playing tennis, reading, and of course, dancing.

MRS. MARTHA STULLER was graduated from Mount Vernon High in 1958, and received her bachelor of science degree in home economics from The Ohio State University. This relatively new teacher at Mount Vernon High not only teaches classes in Home Economics I and II, but is also the adviser to the Y-Teens. Her hobbies include reading, sewing, and swimming. Several of her sisters are now attending our high sechool, as she has six sisters.

"Like Father, like son." This quotation seems to fit MR. J. FLOYD THOMAS and his son quite well. Both of these individuals teach physical education and do a great deal of coaching; our Mr. Thomas, however, coaches golf and all of the boys' intramural teams. "Tommy" earned a bachelor of science degree in education at Utah State. During the summer he assumes the position of Supervisor of Recreation at Riverside. Sports, especially golf, and tennis are this teacher's main joys. He also enjoys his seven granddaughters.

MRS. MONIQUE TRANSUE, who teaches both French I and IV and sponsors several French clubs, received most of her education in her native country, France. She received an American equivalent of a masters degree at the University of Bordeaux. After coming to the United States, Mrs. Transue studied at The Ohio State University. This mother of three sons enjoys sailing during the summer months, and has been a member of the Gambier League of Women Voters in past years.

MRS. RUTH DOMIGAN TRUXALL earned a bachelor of arts degree at Ohio Wesleyan and attended the School of Speech at Northwestern University. This past education leaves her well-qualified to teach speech and English, and to be the director of our school's dramatic attempts. Mrs. Truxall is now doing historical research for her church, and genealogical research for her family. She also tries to call on shut-ins as frequently as possibly when she is not reading, writing letters, traveling, or attending plays.

If you need any assistance or advice, contact world history instructor, MR. GUY VAN NOSTRAND, who is an adviser to the sophomore classes, and an alumnus of The Ohio State University. Hunting, fishing, boating, water skiing, traveling, golfing, swimming, bowling, and raising flowers entertain this father of three children whose ages range from 23 to 17. Mr. Van Nostrand also participates in various clubs, church activities, and at the Northside Manor Rest Home, where his wife is the proprietor.

When MRS. CATHERINE WALKER is not teaching sophomores and seniors about the intricacies of English, one can probably find her reading, cooking, or listening to music; bridge is also a favorite form of relaxation. Many seniors remember this instructor as an adviser to the class of '63. Mrs. Walker earned her bachelor of arts degree from Ohio University.

One of the most popular teachers at Mount Vernon High School is chemistry instructor and father of three, MR. ROGER L. WALTON, who earned a bachelor of science degree at Kenyon, and another science degree in education at Kent State. This well-educated person has also attended the Pratt Institute at Ohio Wesleyan. The Junior class is quite familiar with their class adviser, who enjoys sports of all kinds, camping, hunting, fishing, and playing bridge. "Father Rog" is also a counselor for Merit Badges for the Boy Scouts of America. He and his "warriors" endure much kidding every year.

MRS. REBECCA WAREHAM, to whom the 1963 Forum is being dedicated, has two sons and one granddaughter of whom she can be proud. Mrs. Wareham, who attended Kent State and Ohio Wesleyan, where she received a bachelor of arts degree, is the school librarian, the sponsor of the Library Club, a member of the Ohio Associaiton of School Librarians, and a counselor for the Boy Scouts. Various kinds of needlework, knitting, reading in the winter and gardening in the summer occupy much of her spare time.

Reading and sewing are MRS. DORMA WARRICK'S favorite hobbies. An active participant in her church's choir and on various committees, Mrs. Warrick received her bachelor of arts at Manchester College and Denver University. The mother of three boys and one girl, the petite blonde sees to it that her students in her office classes are kept busy and industrious. She is the wife of Mr. John Warrick, principal of the Junior High.

MR. KENNETH WEST, who holds these degrees from Ohio State, a B.A., B.E.E., B.S. in Ed., B.M., S.C., has many diversified interests. Being the father of two girls, teaching physics and algebra, and advising the senior class, leaves very little time for him to pursue his many forms of relaxation. Mr. West does minor science research, plays contract bridge, golf, and table tennis, does minor repairs, and some painting. He spent several months in South America before he started his teaching career. He and his wife, Edith, also enjoy good music.

MR. CHARLES E. WHITE, one of the more popular instructors at Mount Vernon High School, attended both Madison College and Maryland University; he received a bachelor of science degree from the former school. Mr. White, who teaches industrial arts often takes his life in his own hands by teaching some of the "Barney Oldfields" in our school how to drive safely. His four sons are ages 19, 17, 14, and 12.

One of the most industrious members of our faculty is Home Economics II, III, IV teacher MRS. LILLIAN D. WHITE, who has already earned a bachelor of arts degree at the University of Kansas (after she attended Ohio Wesleyan), and a masters degree at Ohio State. Her graduate study has been started at Central Michigan and at Michigan State University, and she will soon have her coveted doctors degree. This mother of two sons enjoys antiques, stenciling, sewing, art work, trying new recipes, traveling, and reading. Church activities, Questers' Club, and Delta Kappa Gamma also form a large part of her outside diversions.

The principal of Mount Vernon High School is MR. H. M. WIGGINS, who received both a bachelor of science and masters degree from The Ohio State University. In addition to having one daughter, Linda, who is a sophomore in our school, Mr. Wiggins has two more daughters, one of whom has made him a grandfather twice over. Our principal enjoys hunting, fishing, and sports. He describes himself as being a principal who is responsible for the high school building twenty four hours each day and seven days a week, but who enjoys working with youth so much that it does not seem a responsibility — to help young people is a privilege, not a duty.

The person who is kind enough to aid our slave-driving teachers in their plots to give tests is the production clerk, MISS RUTH FRANZ. Her hobbies, in addition to typing out our tests, are reading, bowling, and watching movies and plays. In all seriousness, Miss Franz's occupation merits the highest praise, especially in view of the illegible handwriting of some of our instructors, who bombard her with many examinations.

The filing clerk at Mount Vernon High School is MRS. BETTYE FRYE. Her job entails the responsibility of keeping such items as student records and grade cards in an order which would enable someone to locate the material quickly. Mrs. Frye's chief recreational activities are listening to music and attending plays.

MRS. JEAN PURDY, secretary to Principal Max Wiggins, studied at the Mount Vernon Business School. Her three children, Terry Steinmetz, 16, Brenda Steinmetz, 14, Linda Steinmetz, 13, and step-daughter, Carol Purdy, 17, are her main sources of worry and joy. Mrs. Purdy is also an advocate of swimming, reading, and gardening.

As a Public Affairs program, WMVO Radio News presented the Mount Vernon School Board of Education the first Sunday of each month at 12:30 on VIEWPOINT. This informative half-hour program was under the guidance of and moderated by Superintendent Armitage. Above are Dr. Howard Kiracofe, Board president; Dr. Russell Armitage, Superintendent of City Schools, and Mr. Dick Rice, Assistant Principal of the high school.

SOUND CITIZEN SERVICE

WMVO

COMMUNITY SERVICES, WMVO Radio News donated more than 10 hours of broadcast time for SOS Party Lines prior to the "Sabin on Sunday" distribution of oral polio vaccine. Listeners telephoned their questions, regarding the Sabin Vaccine, to local physicians and pharmacists who gave their time to answer via the WMVO SOS programs. Seated (left to right): Drs. D. C. Schmidt, Clinton W. Trott, Henry Lapp, Raymond Lord with WMVO General Manager and moderator, Stephen Zelkowitz. SOS total participation for the three distributions — 70%.

WMVO had just completed broadcasting a demonstration of mouth to mouth resuscitation when an accident befell Kathy, the daughter of Mrs. Conrad Conway. While playing in the Conway backyard, the little girl fell, striking her head against concrete. Unconscious, in shock, without breath, the little girl lay. Her mother, Mrs. Conrad Conway had just heard WMVO broadcast Civil Defense instructions for mouth to mouth breathing. Applying the radio instructions, Mrs. Conway was able to restore her daughter's breathing. Mrs. Conway told WMVO the doctor advised that immediate application of the mouth to mouth instructions heard over WMVO was vital in restoring the child. Above (right) are the C. D. instructors broadcasting the information over WMVO.

NEWS & VIEWS, A WMVO Radio News service to youth, was broadcast each Saturday morning at 10:45. NEWS & VIEWS featured Mount Vernon and area high school news, including interviews. The program was conducted by *Jacket Journal* radio editors. Above are five of the six: Leslie Holmes, Dave Nicholson, Suzanne Lester, Steve Walker, and Jackie Ormandy. Doug Williams was absent.
